Contemplation Guide Jesus Meditation:

The Practice of Contemplation According to John of the Cross James W. Kinn, 2018-07-23 This book is for anyone who now meditates regularly or who practiced meditation in the past As we grow in our prayer life John of the Cross is an excellent and encouraging guide to show us the way to the practice of contemplative prayer Many of us learned about meditation from spiritual directors or books We practiced a reliable form of meditation for some years with varying degrees of success Over time however our prayer slowed down and became simplified We didn't find many new ideas to occupy our intellect and our emotions quieted down In time many of us experienced a crisis in our prayer life our prayer became so simple that it almost disappeared We tried different forms of prayer but we seemed to be reaching a dead end Throughout all of this we were never told that our prayer was developing naturally and positively What we were experiencing was not a dead end but the threshold of a new way of prayer What we needed was an experienced guide to show us the road ahead Enter John of the Cross He encourages us to see that the place we came to is a necessary state of our progress in prayer John teaches us that we come to contemplation not by struggling harder to pray but by calming remaining quiet before God He encourages us to realize that we have not come to the end of the road but are being made ready to be transported on a wonderful journey There is no better or more encouraging guide for us on this journey than John of the Cross The entire focus of this book is quite narrow it concentrates on John's teaching about the beginning of contemplation

Imagine You Walked with Jesus Jerry Windley-Daoust, 2022-01-31
Contemplative or imaginative prayer is a method of meditative prayer developed by Saint Ignatius of Loyola in which you imagine yourself as a character in a Bible story experiencing the events described in the passage as if you were actually there In *Imagine You Walked with Jesus* you'll be introduced to contemplative prayer through forty episodes from the Gospels Each entry includes A brief introduction to the Bible text with vivid details to aid your imagination and place the text in a larger interpretative context An introductory prayer The full text of the Bible passage Journaling prompts As you prayerfully immerse yourself in the Bible passages in this book you'll be invited to draw on your imagination to rewrite the story from your own perspective what you saw and heard your feelings and emotions and how you interacted with Jesus and the other people present in the story Saint Ignatius taught that the imagination can be an instrument of prayer By imagining how we would respond to a particular biblical episode we can respond to God's word in a deeper more meaningful way and perhaps hear what God has to say to us too ABOUT THE AUTHOR Jerry Windley Daoust is the author of more than a dozen books on

Catholic social teaching family spirituality and Ignatian prayer The cofounder of Gracewatch Media which creates print and digital resources for Catholic families he is especially grateful for the ten years he spent as a stay at home dad for his five children Find him online at windhovering com **Christian Meditation** James Finley,2009-10-13 Enter a Monastery Without Walls Christian Meditation introduces an ancient practice to a contemporary audience James Finley a former monk and student of Thomas Merton presents the fundamentals of both understanding and practicing Christian meditation He provides simple helpful instructions as well as explaining the deeper connection with the divine that meditation can bring Above all he makes clear that the aim of meditation is to allow us to experience divine contemplation the presence of God

Christian Meditation Hans Urs Von Balthasar,2011-10-12 While von Balthasar s classic Prayer is unparalleled in its development of the Trinitarian Christological Mariological and ecclesiological dimensions of prayer Christian Meditation is a short readable and eminently practical guide to that form of prayer which God s revelation in Jesus Christ has made indispensable meditation on the word of God revealing the inner depths of God to man and since it comes from God made man the inner depths of man to himself In a treatment that is both fresh and profound Balthasar describes the central elements of all Christian meditation provides a guide for making the meditation and then points the way to the union that prayer achieves in the footsteps of Mary within the Church and in and for the world Consequently Christian meditation is entirely trinitarian and at the same time entirely human In order to find God no one need reject being human personally or socially but in order to find God all must see the world and themselves in the Holy Spirit as they are in God s sight Hans Urs von Balthasar **Guided Ignatian Contemplation** Lawrence Keller,2021-07-14 The purpose of this book is to guide you on the Ignatian contemplation form of prayer by bringing to life some of the stories in Jesus s life Fourteen stories from the gospels have been selected to meditate on and are presented in chronological order Also Bible verses from Old and New Testament books have been included that may relate to the stories and thus enrich the text with the written word of God After contemplating the gospels Saint Ignatius suggests that we have a conversation with Jesus based on what we have experienced the thoughts and emotions the stories may have stirred in us called colloquy You can do so after reading or listening each story Also you can pause at any time for personal reflection **Into the Silent Land** Martin

Laird,2006-07-01 Sitting in stillness the practice of meditation and the cultivation of awareness are commonly thought to be the preserves of Hindus and Buddhists Martin Laird shows that the Christian tradition of contemplation has its own refined teachings on using a prayer word to focus the mind working with the breath to cultivate stillness and the practice of inner vigilance or awareness But this book is not a mere historical survey of these teachings In Into the Silent Land we see the ancient wisdom of both the Christian East and West brought sharply to bear on the modern day longing for radical openness to God in the depths of the heart Laird s book is not like the many presentations for beginners While useful for those just starting out this book serves especially as a guide for those who desire to journey yet deeper into the silence of God The

heart of the book focuses on negotiating key moments of struggle on the contemplative path when the whirlwind of distractions or the brick wall of boredom makes it difficult to continue Laird shows that these inner struggles even wounds that any person of prayer must face are like riddles trying to draw out of us our own inner silence Ultimately Laird shows how the wounds we loathe become vehicles of the healing silence we seek beyond technique and achievement Throughout the language is fresh direct and focused on real life examples of people whose lives are incomparably enriched by the practice of contemplation

How Then Shall We Guide? Jimmy Boon-Chai Tan,2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition s practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition s distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought

Imaginative Preaching Geoff New, 2015-10-14 From generation to generation there has been an anguished cry from preachers about preaching there is no imagination The Scriptures present the wondrous hope and vision of Kingdom Come and yet contemporary preaching can

often be mute and blind by comparison This book explores what is possible when the Scripture to be preached is prayed through the agency of two ancient prayer disciplines lectio divina and Ignatian Gospel Contemplation Through the experiences of eight vocational pastor preachers this study tracks the difficulties discoveries and delights as they commit to utilizing these prayer disciplines as part of their regular sermon preparation The reader will be orientated to what a biblical imagination entails and how praying the Scriptures affects the preacher sermon and listener Careful explanation of how to pray using lectio divina and Ignatian Gospel Contemplation is included This work is in places a raw examination of the forces that regularly conspire against the preacher as they endeavour to faithfully expound the Scriptures The study is a rousing exclamation of the joy experienced when a preacher s imagination and their preparation is formed by the Spirit bringing the Scriptures to bear on all who speak and hear it
