Heinrich Heshusius and Confessional Polemic in Early Lutheran Orthodoxy Michael J. Halvorson,2016-04-22 Heinrich Heshusius 1556 97 became a leading church superintendent and polemicist during the early age of Lutheran orthodoxy and played a major role in the reform and administration of several German cities during the late Reformation As well as offering an introduction to Heshusius s writings and ideas this volume explores the wider world of late sixteenth century German Lutheranism in which he lived and worked In particular it looks at the important but inadequately understood network of Lutheran clergymen in North Germany centred around universities such as Rostock Jena K nigsberg and Helmstedt and territories such as Braunschweig Wolfenb ttel in the years after the promulgation of the Formula of Concord 1577 In 1579 Heshusius followed his father Tilemann to the newly founded University of Helmstedt where Heinrich served as a professor on the philosophy faculty and established lasting connections within the Gnesio Lutheran party In the 1590s Heshusius completed his doctoral degree in theology and worked as a pastor and superintendent in Tonna and Hildesheim publishing over seventy sermons as well as a popular catechism based on the Psalms and Luther s Small Catechism As confessional tensions mounted in Hildesheim Heshusius worked as a polemicist for the Lutheran cause pressing for the conversion or expulsion of local Jews At the same time Heshusius began to argue aggressively for the expulsion of Jesuits who had been increasing in number due to the activities of the local bishop and administrator Ernst II of Bavaria By discussing the connection between these two expulsion efforts and the practical activities Heshusius undertook as a preacher catechist and administrator this study portrays Heshusius as a zealous protector of Lutheran traditions in the face of confessional rivals Understanding this zeal and the policies piety and propaganda that came as a result is an important factor in relating how Lutheran orthodoxy gained momentum within Germany in the last decades of the sixteenth century In all this book will reveal the complex characteristics of an important but virtually unknown Lutheran superintendent and theologian active during the era of confessionalization providing a useful resource for the ongoing efforts of scholars hoping to understand the nature of orthodoxy and its importance for early modern Europeans f **Reformed Confessions of the Sixteenth Century** Arthur C. Cochrane,2003-01-01 Reformed Confessions of the Sixteenth Century makes available a number of confessional documents that are not easily accessible elsewhere Arthur Cochrane s introduction to the work and to each confession indicates each document s importance and its theological emphases A new introduction by Jack Rogers focuses on developments in the study of Reformed Confessions since the first appearance of Cochrane s book in 1966

Straightening the Altars Scott A. Wenig, 2000 One of the ongoing issues in the study of the English Reformation is how far and how fast Protestant thought and practice spread throughout the traditionally Roman Catholic realm during the sixteenth century Straightening the Altars examines the efforts of four members of the initial Elizabethan episcopate to construct a genuinely Reformed church on the foundation of the Edwardian Reformation and the ashes of Marian persecution Spanning the first twenty years of the new queen's reign it details both the failures and achievements of John Jewel Richard Cox Edwin Sandys and James Pilkington to promote Protestant thought and practice at both the national and local levels Although hindered in their efforts at several points by puritans papists and the Queen herself these thoroughly Reformed prelates made significant progress in advancing the cause of Protestantism during the early decades of the Elizabethan era

The Cambridge Companion to Reformed Theology Paul T. Nimmo, David A. S. Fergusson, 2016-04-25 This Companion offers an introduction to Reformed theology one of the most historically important ecumenically active and currently generative traditions of doctrinal enquiry by way of reflecting upon its origins its development and its significance The first part Theological Topics indicates the distinct array of doctrinal concerns which gives coherence over time to the identity of this tradition in all its diversity The second part Theological Figures explores the life and work of a small number of theologians who have not only worked within this tradition but have constructively shaped and inspired it in vital ways The final part Theological Contexts considers the ways in which the resultant Reformed sensibilities in theology have had a marked impact both upon theological and

ecclesiastical landscapes in different places and upon the wider societal landscapes of history The result is a fascinating and compelling guide to this dynamic and vibrant theological tradition The Creeds of Christendom Philip Schaff,1919 **The creeds of Christendom, with a history and critical notes** Philip Schaff,1878 *Catalogue of the Printed Books in the Library of the Society of Writers to H.
