Rethans, A.F.W. van der Steeg, 2012-12-06 About 550 registrants from 51 different countries attended the Seventh Ottawa Conference on Medical Education and Assessment in Maastricht We received 525 abstracts for the conference divided in thematic poster sessions and platform presentations Organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous Ottawa conferences During and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression Despite the large number of papers the editors have attempted to review and edit the papers as care fully as possible Occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers Although we felt that our editorial task was not quite finished we nevertheless decided to include these papers We thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests We are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education The editors want to thank Jocelyn Flippo Berger whose expertise with desk top publishing and perseverance was a great help     **Annals** ,2001     **Bedside Clinics in Medicine with COLOUR Photos and Clinical Integration Part 2** Mr. Rohit Manglik, 2024-07-24 Continues the practical clinical approach from Part 1 with more advanced case discussions integrated clinical reasoning and high quality visuals for medical students     *Teaching and Assessing Clinical Competence* ,1990     Optimizing Medicine Residency Training Programs Poduval, Jayita, 2015-09-04 The medical profession requires extensive training and preparation in order to ensure the success and competency of future doctors and healthcare professionals With an emphasis on professional development and medical education current professionals in this field acknowledge the importance of residency programs and training in the professional development of future doctors Optimizing Medicine Residency Training Programs presents a comprehensive overview of chapters ranging from the history of medicine to opportunities and research for further exploration geared toward the professional development and medical training for the next generation of doctors and healthcare professionals This publication is an essential reference source for academicians practitioners and professionals interested in the education and training of modern medical professionals

**Core Clinical Cases in Paediatrics** Tim R. Barrett, Vin Diwakur, 2005 Core Clinical Cases guides you to think of the patient as a whole rather than as a sequence of unconnected symptoms With its practical approach strongly linked to underlying theory the series integrates your knowledge with the realities of managing clinical problems and provides a basis for developing problem solving skills The core areas of undergraduate study are covered in a logical sequence of learning activities each case is followed by a detailed answer along with a number of OSCE style questions to help you practise for the exam Related OSCE counselling style questions and answers also feature at the end of each section Key concepts and important information are highlighted and the reader friendly layout reflects exactly the type of question you will encounter

making the perfect revision aid for all types of case based examination Core Clinical Cases in Paediatrics provides the reader with a highly structured case history text wholly appropriate for all types of case based examination Fully comprehensive the book covers all aspects of the course from neonatal examination and potential problems to developmental issues medical conditions and behavioural problems *Research in Medical Education* ,2000 *Mastering the OSCE, Objective Structured Clinical Examination and CSA, Clinical Skills Assessment* Jo-Ann Reteguiz,Beverly Cornel-Avendano,2001 This volume presents more than 60 simulated cases in the core areas of medicine to assess students interpersonal and physical diagnosis skills for the OSCE and CSA examinations *Pediatric Annals* ,2008 OSCEsmart - 50 Medical Student OSCEs in Paediatrics Kunal Babla,Sam Thenabadu,2017-02-24 oscesmart in paediatrics Practice vignettes histories and mark schemes for your finals The 50 medical student OSCEs book in paediatrics book aims to help students and junior doctors prepare themselves for medical school OSCEs as well as postgraduate exams such as MRCPCH or DCH clinical exams Cases and scenarios have been carefully selected and written to challenge candidates and prepare you thoroughly for cases that commonly appear in exams at all levels The stations have been designed for you to practice in pairs or small groups but also have central learning points that allow for reflection later to allow you to maximise your performance in the real exam or simply refresh your memory while working on the ward The book is split broadly into history taking explanation clinical examination and clinical skills The stations cover a range of systems and scenarios designed to test and improve your communication examination and key clinical skills Working through all the cases in this book will not only make you prepared for OSCE stations in paediatrics but will also make you more confident handling the common clinical scenarios in your future career *Research & Creative Activity* ,2003 OSCE Stations in Pediatrics Ahmed Ahmed,2010 During my preparation for various Canadian OSCE exams I tried to find an easy reference to guide me but my search was fruitless The frustration that I felt at that time was the main trigger for me to write this book Remember that a good theoretical knowledge with an organized approach is the key for success in any OSCE This book is to help you to be organized and to cover the key points in common OSCE stations in a simple straight forward way Most of the case scenarios headlines in this book are very general so that the provided checklist will be as broad as possible On the contrary the real OSCE stations are written with much more information which will narrow the checklist here come your role to filter your checklist based on the extra information provided in the real exam *Pediatric and Adolescent Environmental Health* ,2005 **Indian Science Abstracts** ,1993 *Annals of the Academy of Medicine, Singapore* Academy of Medicine (Singapore),2008
