An A-Z of Type Designers Neil Macmillan, 2006 This illustrated A-Z features outstanding type designers from around the world from Gutenberg to the present day. Arranged alphabetically by designer's name, the book contains over 260 biographical profiles. Entries are illustrated by key typefaces taken from a wide range of sources including type specimens, original posters, private press editions, and magazine covers, and also give a list of work and where applicable further reading references and a website address. An essential reference for typographers, graphic designers, and students, the book also features a full index and eight short texts by leading typographers: Jonathan Barnbrook, Erik van Blokland, Clive Bruton, John Downer, John Hudson, Jean Francois Porchez, Erik Spiekermann, and Jeremy Tankard, that cover a variety of different aspects of type design, including typeface revivals, font piracy, designing fonts for corporate identities, and the role of nationality in type design.

Bulletin, 1992

Handwriting of the Twentieth Century Rosemary Sassoon, 1999 This fascinating and wide-ranging book charts developments in the teaching and study of handwriting over the course of the twentieth century. The book shows how changing educational policies, economic forces, and inevitable technological advance have combined to alter the priorities and form of handwriting. This long and sometimes sorry story tells also of the sheer pain and hard work of children forced to follow the style of the day and of the reformers who have sought to simplify the teaching and learning of handwriting over the years. Illustrated throughout with examples from copybooks and personal handwriting from across the world, the book is a compelling historical record of techniques, styles, and methods.

Calligraphic Type Design in the Digital Age John Prestianni, 2001 Over the past 50 years Hermann and Gudrun Zapf have designed some of the modern world's most unique and innovative typefaces. In fact so ubiquitous is Hermann Zapf's Palatino that it has become a common default font on millions of laser printers around the globe. In honor of the Zapfs, an exhibition which traces the calligraphic evolution of several contemporary Zapf typefaces is being held in San Francisco in Fall 2001. This book is a catalog to the exhibition which also features the work of 14 other calligrapher type designers who have been influenced by the Zapf's work, including Alan Blackman, Rick Cusick, Jean Evans, Phill Grimshaw, Akira Kobayashi, Richard Lipton, Jacqueline Sakwa, Robert Slimbach, Viktor Solt, Jovica Veljovic, and Julian Waters.
