All you need is to get up to speed on the exam's topics and themes and take a couple of practice tests to get comfortable with its question formats and time limits. That's where AP Biology For Dummies comes in. This user friendly and completely reliable guide helps you get the most out of any AP biology class and reviews all of the topics emphasized on the test. It also provides two full length practice exams complete with detailed answer explanations and scoring guides. This powerful prep guide helps you practice and perfect all of the skills you need to get your best possible score. And as a special bonus you'll also get a handy primer to help you prepare for the test taking experience. Discover how to figure out what the questions are actually asking. Get a firm grip on all exam topics from molecules and cells to ecology and genetics. Boost your knowledge of organisms and populations. Become equally comfortable with large concepts and nitty gritty details. Maximize your score on multiple choice questions. Craft clever responses to free essay questions. Identify your strengths and weaknesses. Use practice tests to adjust your exam taking strategy. Supplemented with handy lists of test taking tips, must know terminology and more AP Biology For Dummies helps you make exam day a very good day indeed.      *Proceedings 18 -1906* Michigan Schoolmasters' Club, 1907      **Report of the Public Schools of the State of Missouri** Missouri.
