A. Tushima, 2011-06-01 This book as a

comprehensive analysis of the fate of Saul's heirs shows that David like other ancient Near Eastern usurpers perpetrated heinous injustices against the vanquished house of Saul. It evaluates the relationships between David and Saul's heirs using the criterion of justice which is a cardinal directive principle for living in YHWH's covenant community as is enunciated in the Deuteronomistic Code. Tushima focuses on the story of David and its interconnections with the fate of the Saulides to determine the factors that lay behind the latter's tragedies inquiring into whether these tragedies were due to continuing divine retribution, pure happenstance or Davidic orchestration. In his close reading of these texts Tushima argues that David was for the most part unjust and calculating in his dealings with the Saulides. Thematic and motif threads arising from this narrative critical study such as the impact of human conduct on the environment, the tension between election and the character of God's servants, the dynamics of sacred space and sacred toponyms, the Judahite Davidic kingship, the monarchy, marriage and Zion theology are considered within their contexts in Israel's traditions for their biblical theological and redemptive historical import.
