A Physical Education Casey Johnston, 2025-05-06 From the most visible woman writing about weightlifting today a profoundly engrossing memoir and manifesto about how lifting helped dissolve her allegiance to diet culture taught her to be at home in her body and led her to grow every kind of strength Elizabeth Greenwood In A Physical Education Casey Johnston recounts how she ventured into the brave new world of weightlifting leaving behind years of restrictive eating and endless cardio Woven through the trajectory of how she rebuilt her strength

and confidence is a staggering expos of the damaging doctrine spread by diet and fitness culture Johnston s story dives deep into her own past relationships with calorie restriction exercise and codependency As she progresses on her weightlifting journey she begins to eat to fuel her growing strength and her food cravings vanish Her physical progress fuels a growing understanding of how mainstream messaging she received about women s bodies was about preserving the status quo Previously convinced that physical improvement was a matter of suffering she now knows it requires self regard and patience A little pushing at a time adds up to the reawakening of parts of herself she didn t even know were there A Physical Education asks why so many of us spend our lives trying to get healthy by actively making our bodies weaker Casey Johnston is a voice for those of us who feel underdeveloped and unfulfilled in our bodies and are looking to come home to ourselves

Ross, 2020-12-31 Have you ever felt average That you re not special or extraordinary just normal And that chances are society s obsession with always being the best and smashing life is setting us up for failure Years of striving and pushing to be better than everyone else are breaking us Fear of disappointment and our pursuit of someone else s definition of success tell us we re not enough They tell us to work late then work hard in the gym overcommit then post about selfcare on our painstakingly curated social media feeds They tell us to push ourselves until we break all to prove our worth to show we deserve our place

But are we tolerating the lows to reach the fleeting highs and are we missing all the good stuff along the way Why are we programmed to live like this and is it society that needs to change not us One thing s for sure it s better to be average and happy than exceptional and miserable We re all good enough just as we are
