**The Disappearing God Gap?** Corwin Smidt, Kevin den Dulk, Bryan Froehle, James Penning, Stephen Monsma, Douglas Koopman, 2010-02-08 After the reelection of George W Bush in 2004 the God Gap became a hotly debated political issue Religious voters were seen as the key to Bush s victory and Democrats began scrambling to reach out to them Four years later however with the economy in a tailspin on election day religion barely seemed to register on people s radar screens In this book a team of well regarded scholars digs deeper to examine the role religion played in the 2008 campaign They take a long view placing the election in historical context and looking at the campaign as a whole from the primaries through all the way through election day At the heart of their analysis is data gleaned from a national survey conducted by the authors in which voters were interviewed in the spring of 2008 and then re interviewed after the election
