Coloured Manual This book is a successor to and replacement for the highly respected manual and handbook on the benefits
of flood and coastal risk management produced by the Flood Hazard Research Centre at Middlesex University UK with
support from Defra and the Environment Agency It builds upon a previous book known as the multi coloured manual 2005
which itself was a synthesis of the blue 1977 red 1987 and yellow manuals 1992 As such it expands and updates this work to
provide a manual of assessment techniques of flood risk management benefits indirect benefits and coastal erosion risk
management benefits It has three key aims First it provides methods and data which can be used for the practical
assessment of schemes and policies Secondly it describes new research to update the data and improve techniques Thirdly it
explains the limitations and complications of Benefit Cost Analysis to guide decision making on investment in river and
