FOREWORD

THIS manual is intended both as a guide and a reference book in the complete servicing of Chrysler cars.

It is complete in its operation detail, but brief and pointed in its instructions; essentials, properly organized, is its aim.

There are two major sections:

1. Servicing Methods.
2. Service Standards.

Servicing Methods have been grouped according to the major assemblies of the car. Under each major unit the operations have been carefully outlined and numerous action illustrations with proper tools in use have been introduced to clarify the text. Each subject has been treated in the following steps, insofar as it has been possible:

1. Removal and Installation.
2. Adjustments.
3. Maintenance.

Service Standards have been tabulated for the purpose of separating adjustments and standard sizes from the text and making them available for quick reference.

The service tools referred to in this manual, or their equivalent, are necessary for efficient servicing of Chrysler cars. All tools listed are available through the Miller Mfg. Co., Detroit 4, Mich., U.S.A.

A thorough understanding of the contents of this manual is necessary to every good service department. Study it carefully and frequently.

Extra copies of this Manual are available at \$1.50 each under Part Number D-11298. Order from Chrysler Sales Division, Detroit 31, Michigan.
