consumers at the moment of need Instead Crawford and Mathews suggest that companies engage in Consumer Relevancy a strategy of dominating in one element of a transaction differentiating on a second and being at industry par i e average on the remaining three It s not necessary for businesses to equally invest time and money on all five attributes and their customers don t want them to Imagine the confusion if Tiffany Co started offering deep discounts on diamonds and McDonald s began selling free range chicken and tofu The Myth of Excellence provides a blueprint for companies seeking to offer values based products and services and shows how to realize the commercial opportunities that exist just beyond their current grasp opportunities to reduce operating costs boost bottom line profitability and most important begin to engage in a meaningful dialogue with customers The Creepy Woman from Work Randall Molsbee,2019-10-08 It s bad enough being jobless Even worse living in your car at the park For months Rusty would use the park city water for drinking and use the park bathroom and water to bathe Rusty thought gaining employment would solve his problems At least he had income coming in friends to talk to and a house to live in He never thought he would ever face any problem with his coworkers A new employee is later hired Mitzi pursues Rusty with unknown intentions He tries to be a friend gives her a morning greeting yet she remains silent All she does is stare at him The situation goes from bad to worse after Mitzi goes into the men s room to stare at Rusty He e mails her after he gets home questioning why The police get involved and Rusty s boss threatens to fire him if the police show up The police talk to Rusty s witnesses about Mitzi s actions Based on true events *Official Gazette of the United States Patent and Trademark Office* ,2000 **Treasure Hunt** Michael Silverstein,Michael J.
