

## FURNACES DR95UCT

We've thought of everything to bring you efficient and dependable indoor comfort solutions.

**Dependability** is of the utmost importance when it comes to your family's comfort. Our DR95UCT gas furnace comes standard with the direct spark ignition system (DSI), which is one of the most dependable ignition systems available today. This technology is the same proven design used on gas ovens and stoves.

**Protect Your Home** with the industry's first blocked drain sensor which will shut off your furnace when a drain is blocked, preventing water spillage and potential water damage to your home. It also prevents seasonal start-up issues, which means fewer warranty claims. All this translates to fewer repair bills and more cozy nights at home.

**Quiet and efficient comfort** is what you get with DR95UCT gas furnace. The patented heat exchanger design provides **improved airflow**, also reduces operating sound, making it one of the quietest furnaces on the market. And because it's **high-efficiency**, your monthly energy bill will give you even more reasons to smile.

**Easy installation and maintenance** features benefit consumers, too. This means savings on installation costs and faster, more cost-effective repairs during maintenance. The DR95UCT gas furnace is also designed with the **industry-first 7-segment LED display**, a feature that makes service calls quick and easy.

**Maximum efficiency** is provided by the constant torque ECM motor which maintains efficiency across a range of operating speeds, using less electrical energy than a standard PSC motor. An energy efficient motor also means a lower monthly utility bill.
