Walker, 2013-05-15 **Casinonomics** provides a comprehensive analysis of the economic and social impacts of the casino industry. Examining the latest cutting-edge research with a mix of theory and empirical evidence, **Casinonomics** informs the reader on the most important facets at the forefront of the public policy debate over this controversial industry. While the casino industry has continued to expand across the United States and around the world, critics argue that casinos bring negative social impacts that offset any economic benefits. **Casinonomics** examines the evidence on the frequently claimed benefits and costs stemming from expansions in the casino industry, including the impact on economic growth, consumer welfare, and government tax revenues, as well as gambling disorders, crime rates, and the impact on other businesses. Readers will come away with a better informed opinion on the merits of these arguments for and against public policies that would expand casino gambling. **Understanding the Business of Global Media in the Digital Age** Micky Lee, Dal Yong Jin, 2017-10-16

This new introductory textbook provides students with the tools they need to understand the way digital technologies have transformed the global media business of the 21st century. Focusing on three main approaches: media economics, critical political economy, and production studies, the authors provide an empirically rich analysis of ownership, organizational structures, and culture, business strategies, markets, networks of strategic alliances, and state policies as they relate to global media. Examples throughout involve both traditional and digital media and are taken from different regions and countries to illustrate how the media business is influenced by interconnected historical, political, economic, and social

factors In addition to introducing today s convergent world of global media the book gives readers a greater understanding of their own potential roles within the global media industries **The National Union Catalog, Pre-1956 Imprints** ,1968
