Candidates for the CISSP exam can now go directly to the source for study materials that are indispensable in achieving certification. The Official ISC 2 Guide to the CISSP Exam is derived from the actual CBK review course created and administered by the non profit security consortium ISC 2. In addition to being an invaluable study guide, this book is detailed enough to serve as an authoritative information security resource. Both of the guide's co authors are CISSPs and the entire text has been reviewed and approved by Hal Tipton, Co Founder and Past President of ISSA and Co Founder of ISC 2. The ten subject areas included in each section from the Common Body of Knowledge (CBK) have been reviewed by multiple CISSPs, all of whom are recognized leaders in their fields. A CISSP certification garners significant respect, signifying that the recipient has demonstrated a higher standard of knowledge, proficiency, and ethics. This book ensures that a student is fully prepared to face the exam's rigorous criteria. It is crafted to match the overall theme of the exam, which emphasizes a general solutions oriented knowledge of security that organizations want.
