Terrence Malick and the Examined Life Martin Woessner, 2024-03-25 Terrence Malick is one of American cinema's most celebrated filmmakers. His films from *Badlands* 1973 and *Days of Heaven* 1978 to *The Thin Red Line* 1998 *The Tree of Life* 2011 and most recently *A Hidden Life* 2019 have been heralded for their artistry and lauded for their beauty but what really sets them apart is their ideas. Terrence Malick and the Examined Life is the most comprehensive account to date of this unparalleled filmmaker's intellectual and artistic development. Utilizing newly available archival sources to offer original interpretations of his canonical films, Martin Woessner illuminates Malick's early education in philosophy at Harvard and Oxford as well as his cinematic apprenticeship at the American Film Institute to show how a young student searching for personal meaning became a famous director of Hollywood films. Woessner's book presents a rich interdisciplinary exploration of the many texts, thinkers, and traditions that made this transformation possible, from the novels of Hamlin Garland, James Jones, and Walker Percy to the philosophies of Stanley Cavell, Martin Heidegger, and Søren Kierkegaard to road movies, Hollywood Westerns, and the comedies of Jean Renoir. Situating Malick's filmmaking within recent intellectual and cultural history, Woessner highlights its lasting contributions to both American cinema and the life of the mind. Terrence Malick and the Examined Life suggests it is time for philosophy to be viewed not merely as an academic subject overseen by experts but also as a way of life open to each and every moviegoer.

Exploring Spirituality from a Post-Jungian Perspective Ruth Williams, 2023-03-03 Derived from Ruth Williams' more than 40-year immersion in spiritual practice as well as her clinical experience as a Jungian analyst, this thought-provoking volume explores the nature of spiritual paths and trajectories in practical ways, incorporating personal anecdote and ground-breaking academic research and providing a window into how Jungian practitioners work with soul and spirit. Williams explores the nature of being a human using the Yiddish idea of a person being a *mensch*, which means being a decent human being, having humanity, and living ethically with integrity. The idea of grace is the thread that runs through the book, the mystery that binds things together and makes life meaningful, purposeful, potentially joyful, and spiritually fulfilling. Williams sees grace as being that which underpins and lies behind synchronicity and divinatory practices and as a force by which we can learn to be guided. Rooted in clinical work, *Exploring Spirituality from a Post-Jungian Perspective* is fascinating reading for Jungian analysts, therapists, and academics as well as for general readers interested in a spiritual journey both personally and for clinical purposes.

2 Peter and the Apocalypse of Peter: Towards a New Perspective Jörg Frey, Matthijs Dulk, den, Jan van der Watt, 2019-07-15 In the 2016 Radboud Prestige Lectures published in this volume, Jörg Frey develops a new perspective on 2 Peter by arguing that the letter is dependent on the Apocalypse of Peter. Frey argues that reading 2 Peter against the backdrop of the Apocalypse of Peter sheds new light on many longstanding interpretative questions and offers fresh insights into the history of second-century Christianity. Frey's lectures are followed by responses from leading scholars in the field who discuss Frey's proposal in ways both critical and
