

Therapy Intake Questions

Name: Kyle Martinez

Date: 9/12/2012

1. What brings you to therapy at this time?

The patient has been experiencing intense feelings of sadness and hopelessness. They said it has been challenging to find joy in things that used to bring them pleasure.

2. Have you ever been in therapy before? If yes, please provide some details about your previous experience.

The patient has been in therapy before. They sought therapy a few years ago when they were going through a divorce.

3. Can you tell me a bit about your current and past mental health history?

The patient has struggled with a history of anxiety and panic attacks since their early twenties. Additionally, there have been instances of depression in the patient's family. They experienced a major depressive episode about five years ago and sought treatment for it.

4. Are you currently taking any medications? If yes, please provide the names and dosages.

Currently taking Sertraline (Zoloft) 50mg daily for anxiety and depression for about a year now.

5. Are there any significant life events or challenges that you are currently facing or have recently experienced?

Counseling Intake Interview Questions

Christian G. Meyer

Counseling Intake Interview Questions:

Clinical Interviewing John Sommers-Flanagan, Rita Sommers-Flanagan, 2002-12-30 Includes case studies chapter summaries and new sections Features an online instructor's manual Integrates different theoretical models **Foundations of Counseling and Psychotherapy** David Sue, Diane M. Sue, 2007-11-27 Foundations of Counseling and Psychotherapy provides an overview of the most prevalent theories of counseling within the context of a scientific model that is both practical and up to date Authors David Sue and Diane Sue provide you with the best practice strategies for working effectively with your clients using an approach that recognizes and utilizes each client's unique strengths values belief systems and environment to effect positive change Numerous case studies self assessment and critical thinking examples are included **A Comprehensive Guide to Child Psychotherapy and Counseling** Christiane Brems, Christina H. Rasmussen, 2018-08-08 Christiane Brems in collaboration with new coauthor Christina Rasmussen introduces prospective and practicing clinicians to theories and principles of applied clinical work with children ages three to twelve years The authors take an integrated approach to understanding children and their families using a biopsychosociocultural model for conceptualization and treatment planning Their methods are practical and compassionate as well as contextually grounded and individually tailored Chapters follow the logical development of clinicians mirroring the natural flow of work with children Coverage ranges from the importance of a beginning practitioner's introspection and of ethical and legal issues to a variety of intervention techniques and strategies and finally termination Case studies showcase individualized and mindful treatment for each child with whom a clinician works Outstanding Features of the Fourth Edition Essential attention to how clinicians self awareness can lead to positive therapeutic relationships with children and their families Thorough discussions of the biopsychosociocultural model for conceptualization and treatment planning Emphasis on intensive assessment prior to treatment planning to address the needs of each child and family A compelling practical exploration of mindfulness intervention with children The authors methodology addresses the profound effects of the larger environment and culture on children By adopting the authors integrated approach clinicians are better able to understand important and complicated aspects of a child's and family's life From there compassionate thoughtful and relevant intervention ensues **The Professional Counselor's Desk Reference** Mark A. Stebnicki, Irmo Marini, 2008-11-11 Named an Outstanding Academic Title for 2009 by Choice Marini and Stebnicki both professors and scholars in rehabilitation counseling have compiled an extremely useful and practical counseling resource covering a variety of topics Undergraduates graduate students and new counselors will find this a valuable tool This unique volume is a great addition for college and university libraries Highly recommended Choice An excellent resource for the counseling student as well as the practicing counselor It is well written and comprehensive without being overwhelming A must for every counselor's and future counselor's library Donna Falvo PhD CRC Professor The University of North Carolina at Chapel Hill Medical School I found the chapters to be well written

organized in a clear manner and presented in a balanced way This is a reference work that people will want to keep Gerald Corey EdD ABPP Professor California State University From the Foreword The Professional Counselor's Desk Reference PCDR is the first resource of its kind serving as an authoritative guide for both pre professionals working towards counselor licensure and certification as well as seasoned counselors counselor educators clinical supervisors psychologists and social workers Drs Marini and Stebnicki present this quick user friendly desk reference guide based on the core content and knowledge areas outlined in both the Council for Accreditation of Counseling and Related Education Programs CACREP and Council on Rehabilitation Education CORE accreditation standards With contributions from 95 experts in counselor education research and practice this book includes Bulleted how to strategies for working with clients under various models in counseling and psychology Easy to read tables graphics and figures to capture a holistic picture of specific client issues Guidelines for conducting interviews and assessments with culturally diverse clients as well as treatment protocols that suggest evidence based practices Discussions on counselor impairments such as empathy fatigue and developing a plan of self care to prevent counselor burnout A comprehensive self exam of 323 multiple choice items based on the CORE CACREP core content and knowledge areas for counselor education and training This invaluable reference guide is the most current source related to professional counseling issues ethics theories and practices Marini and Stebnicki provide a wide range of culturally diverse treatment approaches that will expand the counseling profession's knowledge awareness and skills

Sexuality Counseling Christine Murray,Amber Pope,Ben Willis,2016-01-12 Providing a comprehensive research and theory based approach to sexuality counseling Sexuality Counseling is grounded in an integrative multi level conceptual framework that addresses the various levels at which individuals experience sexuality At each level physiological developmental psychological gender identity and sexual orientation relational cultural contextual and positive sexuality authors Christine Murray Amber Pope and Ben Willis emphasize practical strategies for assessment and intervention Interactive features including case studies application exercises ethics discussions and guided reflection questions help readers apply and integrate the information as they develop the professional competency needed for effective practice

Practicum and Internship Christin M. Jungers,Judith Scott,Jocelyn Gregoire,2024-10-11 The seventh edition of *Practicum and Internship* is a practical resource that provides students and supervisors with thorough coverage of all stages and aspects of the practicum and internship process New to this edition are Extensive revisions and updates to appendices and downloadable customizable online forms contracts and other materials New material on transitioning to internship New discussion of evidence based approaches to all aspects of the counseling process including clinical assessment case conceptualization and counseling techniques An expanded exploration of teletherapy and distance counseling and highly reported ethical and legal issues such as record keeping and billing Thoughtful review of contemporary cultural issues across the core therapeutic and supervisory processes Updated review of risk assessment procedures particularly for suicidal and

homicidal clients New information on mentorship and self care Updated research and scholarship throughout With comprehensive information that spans across therapeutic approaches concerns and topics this remains an essential foundational text for counseling and psychotherapy students and their supervisors

Assessment in Counseling Albert Bullard Hood, Richard W. Johnson, 1997 Assessment has always played an important role in counseling This book provides information about the various psychological assessment procedures that are relevant for practicing counselors The text deals with the use of tests that are most often employed by counselors and it includes case studies Its purpose is to help counselors become better consumers and interpreters of psychological and educational tests and assessment procedures It emphasizes the selection interpretation and communication of psychological test results and also details the importance of integrating test results with other information about the client It is not designed to be a text book or desk manual on the various tests themselves The first four chapters introduce the reader to basic concepts in psychological assessment and to the statistical knowledge needed to select and interpret tests Chapters 5 through 15 constitute the bulk of the book Here over 100 tests and other assessment measures are examined The assessments are divided into three categories cognitive career and life planning and personality In chapters 16 through 18 professional practices and considerations are explored including analyses of cultural bias communication of test results and ethical and social issues in testing Contains roughly 500 references and a comprehensive index RJM

A Study of the Impact of Intake Interview Reporting on Client Perceptions of Relationship Correlates in Counselor Performance Gary John Renzaglia, 1982

Counseling Based on Process Research Georgiana Shick Tryon, 2002 Table of contents

Strategies for Counseling with Children and Their Parents Geraldine Leitzl Orton, 1997 This practice oriented text provides practical strategies for counseling children and their families The author stresses that children must be evaluated in terms of their whole environment including whatever positive and or negative parental influence exists The author focuses on ways to involve parents in the counseling process Because all children need to be approached as individuals the author equips readers with the skills they need to be flexible and adaptive A range of assessment and counseling techniques are presented including play art and bibliotherapy to give counselors diverse options Case studies and dialogues illustrate how these techniques can be applied in practice The book stresses that no one theory of practice can fit all children and adolescents

Theories of Counseling and Psychotherapy Linda Seligman, Lourie W. Reichenberg, 2010 Theories of Counseling and Psychotherapy categorises theories by their focus background emotions and sensations thoughts or actions This structure helps students better understand similarities and differences among theories and provides an overarching framework that other texts lack
