Ravi Kanbur,Jan Svejnar,2009 This book looks at the links between the formal and informal labor market in developing and transition economies working towards an accurate understanding of labour markets and analyzing alternative policy proposals **Enterprise and Economic Development in Africa** Dina M. Nziku,John J. Struthers,2021-06-11 Presenting a topical analysis of the challenges and achievements of enterprise Enterprise and Economic Development in Africa examines contributions to economic development on the continent as well as exploring implications for policy dimensions Europe and Central Asia Economic Update, May 2018 World Bank,2018 With growth in Europe and Central Asia likely at its peak this report addresses two questions How well is the region prepared for an expected slowdown How well has the economic upswing been used to adjust to the digital revolution The report specifically focuses on cryptocurrency and blockchain activities in the region Labor Markets and Economic Development Ravi Kanbur,Jan Svejnar,2009-05-07 As developing and transition economies enter the next phase of reforms labor market issues increasingly come to the fore With the increased competition from globalization the discussion is shifting to the need for greater labor market flexibility and the creation of good jobs Moreover the greater actual and perceived insecurity in labor markets has generated a new agenda on how to structure safety nets and labor market regulation The older questions of the links between the formal and informal labor market reappear with new dimensions and significance More generally it is clear that an accurate understanding of how labor market structures function is essential if we are to analyze alternative policy proposals in the wake of these concerns Oddly enough in spite of this great importance there are no recent monographs that bring together rigorous studies produced by academic researchers on these various issues This book fills that gap Under the steely editorship of Ravi Kanbur and Jan Svejnar the contributors flourish in their attempts to enliven these debates A Socio-economic Development Profile of the Eastern Cape Province G.
