Bbc Web Styleguide:

Pro CSS for High Traffic Websites Antony Kennedy, Inayaili de Leon, 2011-08-18 Although web standards based websites can scale effectively and basic CSS will give you basic results there are considerations and obstacles that high traffic websites must face to keep your development and hosting costs to a minimum There are many tips and tricks as well as down to earth best practice information to make sure that everything runs quickly and efficiently with the minimum amount of fuss or developer intervention Targeted at high traffic websites those receiving over 10 000 unique visitors a day Pro CSS for High Traffic Websites gives you inside information from the professionals on how to get the most out of your web development team The book covers the development processes required to smoothly set up an easy to maintain CSS framework across a large volume website and to keep the code reusable and modular It also looks at the business challenges of keeping branding consistent across a major website and sustaining performance at a premium level through traffic spikes and across all browsers Defensive coding is considered for sites with third party code or advertising requirements It also covers keeping CSS accessible for all viewers and examines some advanced dynamic CSS techniques *Online Journalism* Steve Hill, Paul Lashmar, 2013-12-10 An essential guide for anyone hungry to learn how journalism should be practised today and will be tomorrow Hill and Lashmar encapsulate the transformative impact technology is having on journalism but anchor those changes in the basic principles of reporting Paul Lewis The Guardian As the news business transforms Online Journalism is a fantastic new resource for both students and lecturers Informative straightforward and easily digested it s a one stop shop for the skills knowledge principles and mindset required for journalistic success in the digital age Mary Braid Kingston University Online and social media have become indispensable tools for journalists but you still have to know how to find and tell a great story To be a journalist today you must have not only the practical skills to work with new technologies but also the understanding of how and why journalism has changed Combining theory and practice Online Journalism The Essential Guide will take you through the classic skills of investigating writing and reporting as you master the new environments of mobile on demand social participatory and entrepreneurial journalism You will also develop must have skills in app development for smartphones and tablets as well as techniques in podcast blog and news website production What this book does for you Tips and advice from leading industry experts in their own words QR codes throughout the book to take you straight to multimedia links A fully up to date companion website loaded with teaching resources detailed careers advice and industry insights Exercises to help you hone your skills Top five guided reading list for each topic so you can take it further Perfect for students throughout a journalism course this is your essential guide **Global Writing for Public Relations** Arhlene A. Flowers, 2015-12-07 Global Writing for Public Relations Connecting in English with Stakeholders and Publics Worldwide provides multiple resources to help students and public relations practitioners learn best practices for writing in English to communicate and connect with a global marketplace Author Arhlene Flowers has created a new

approach on writing for public relations by combining intercultural communication international public relations and effective public relations writing techniques Global Writing for Public Relations offers the following features Insight into the evolution of English language communication in business and public relations as well as theoretical and political debates on global English and globalization An understanding of both a global thematic and customized local approach in creating public relations campaigns and written materials Strategic questions to help writers develop critical thinking skills and understand how to create meaningful communications materials for specific audiences Storytelling skills that help writers craft compelling content Real world global examples from diverse industries that illustrate creative solutions Step by step guidance on writing public relations materials with easy to follow templates to reach traditional and online media consumers and businesses Self evaluation and creative thinking exercises to improve cultural literacy grammar punctuation and editing skills for enhanced clarity and Supplemental online resources for educators and students English is the go to business language across the world and this book combines the author s experience training students and seasoned professionals in crafting public relations materials that resonate with global English language audiences It will help public relations students and practitioners become proficient and sophisticated writers with the ability to connect with diverse audiences worldwide

User-Centered Interaction Design Patterns for Interactive Digital Television Applications Tibor Kunert,2009-06-12

Technology is meant to make life easier and to raise its quality Our interaction with technology should be designed according to human needs instead of us being required to adapt to technology Even so technology may change quickly and people and their habits change slowly With the aim of supporting user acceptance of iTV the focus of this book is on the usability of iTV applications A method for developing interaction design patterns especially for new technologies is presented for the first time The main characteristics covered in this new approach are systematic identification of recurrent design problems usability as a quality criterion for design solutions integration of designers into the pattern development process including identification of designers needs and iterative evaluation and optimisation of patterns to encourage designers to accept and use them usability testing to identify proven design solutions and their trade offs presentation of specific design guidelines

English Usage Guides Ingrid Tieken-Boon van Ostade,2018 This volume explores both historical and current issues in English usage guides or style manuals Chapters look at how and why these guides are compiled and by whom what sort of advice they contain how they differ from grammars and dictionaries and how attitudes to usage have changed Disability Equality in the Media UNESCO,2024-08-23 Designing Web Navigation James Kalbach,2007 Provides information on basic Web design and development techniques to create effective navigation systems **Writing for the Media in Southern Africa** François Nel,2005 How important is quality writing in journalism What are reporters responsibilities to their profession their sources and the public What part do publicists play in the news making process The third edition of *Writing for the Media* tackles these and other pertinent questions facing those who write for the media journalists and public

relations professionals alike It challenges writers to think critically about what they do as well as how they do it At the same time this edition remains a guide for beginning and intermediate writers on ways to identify report and construct accurate and interesting articles under deadline pressure There are also chapters on editing publication design publicity and advice on how to succeed as a freelancer Each chapter contains real life case studies advice from top practitioners and lists of useful websites for further reading

BOOK JACKET

How Educated English Speak English Ingrid Wotschke,2008 Investigates the fundamental role of regional accent in the historical development of the English language and lays the foundation for a revised model of current educated pronunciation
