

8th GRADE GRADUATION SPEECH 2012

Welcome friends, families, colleagues and all you shiny, beautiful people behind me. I'm honored to stand here tonight to say a few words about this impressive bunch. Putting pen to paper doesn't come naturally to me, but as the 8th graduating class of 2012 knows, telling a story does. Don't worry guys, I won't recount the tales about the trailer, the Indian cook, mean Josephine, monkeys chasing me down a mountain, the dishonest high school boyfriend or even the romantic tale of how I met my husband – (popular with girls and boys alike!).

I was brought up on the oral tradition of storytelling, listening to my grandfather, father and mother relay tales from their childhoods – some funny, some horrifying, some slightly inappropriate - but always worth listening to. What's important about telling and hearing a story, I think, is that it un.masks us in a way and defines us as human beings. Sharing a story about ourselves helps us understand who we are and helps those listening navigate their own lives as well. Sharing a story teaches it's okay to let people in, to be generous, to show our imperfect selves. And as listeners, we relish a story - it's magic that draws us in – hearing about the good, the bad, the funny, the devastating – the things that make us all human. Why else does Jack Pates lean in to hear every word I'm saying as I reveal the trials and tribulations of my childhood? Why else does an entire gaggle of middle schoolers gather around Mark Drexel at the mention of his Ax story? It may just be a fascination with finding out the dirt on teachers, but as someone who has made a life dramatizing stories on stage, I know it's more than that...

So, here's a story...once upon a time, when I was pretty darned old, I had the daunting task of writing a graduation speech. I took some notes, I tossed and turned several nights imagining expounding on Shakespeare or Sondheim (as a good Drama teacher should do). I thought about your connections to each other, to me and to everyone at Tandem. I thought about why I teach drama and what YOU'VE taught ME and your other teachers by creating and living your own interesting stories...

You've certainly taught us about drama...after all, this is middle school, where drama runs rampant like a baby monkey riding backwards on a pig (footnote – Youtube video – thank you Emma Kane!). But seriously, you've taught us more than you can know and the proof is in "The tale WITHIN the tale." (This where I tell tales on you!)

Once upon a time there was a group of 8th graders with separate stories who all came together to make one giant story:

We'll begin with the story of creative Coley who did not let the NO SKATEBOARDING sign in Washington Square Park deter him from following his passion in NY ...not to mention the charisma it took to convince me to buy a do-rag for his pineapple, which many of us devoured on the train ride home (the pineapple – not the do-rag.)

There's the story of warm-hearted William with his didgeridoo in NYC – and his big moment of glory as an audience participant during *Godspell* on Broadway. His story is

Kneebockers Chuck Blackburn, 2008-04-17 *Kneebockers* is a book about life It is a name and yet it is also a spirit within my being The name was given to me at ten years old by another boy probably based on what I was wearing at the time I was a lad from the east dressed in short pants suspenders shirt sweater and leather Buster Brown shoes standing in the front of a two room schoolhouse in the Wild West of 1946 where blue jeans were the norm The incident at the time seemed to be just a short quick response made by a group of school kids toward a boy who looked and seemed different However the name of *Kneebockers* stayed with me for a lifetime I would not realize until years later as I grew and matured that the impact of the name on me would become bigger by the day No one else other than my father and those few kids knew that I was

Kneebockers Kneebockers was within me a spirit a drive an identity A human being who was somewhat different My father was a major influence on forming a path for Kneebockers He provided a solid foundation for a young kid of ten and allowed me to mature through my teen years and into adulthood while safely bound to that basic structure The tales in this book tell a story of the bonds and love between my father a tough hardworking ironworker and welder and me his easygoing innocent son Together we headed west from New York State to Reno Nevada in 1946 Wes Blackburn my father was my mentor my rock and my inspiration in a lifetime of experiencing how to really live and appreciate each and every day My lessons began when living in and appreciating the vastness of the Nevada desert and the mountains in the West Two people together who many times never saw another human being for days on end The deer coyotes rabbits eagles hawks and buzzards became our company It was there that I began to discover who I could be on this earth and what I could learn about the earth My classroom was nature and the first topic was history Prospecting was a vehicle for turning back the clock to the 1800s Standing in an old mine with all of its strange tools still sitting intact against the tunnel wall due to the preservation of the dry desert air was more than just a reminder of days long ago These desert experiences formed a foundation for other exciting adventures that are a part of Kneebockers's life This single book could be many books Kneebockers River Guide Kneebockers the Golfer Kneebockers the Teacher and Coach Kneebockers the Voice of the Warriors or Kneebockers in the Political Arena Although this book covers only some of these episodes it holds open the opportunity to find out what Kneebockers is up to in his later years In this book I have looked inside myself to share the overwhelming emotions that occur when drift fishing on the Smith or Klamath River for salmon and steelhead hopefully allowing the reader to experience pulling hard on eight foot oars in heavy current while maneuvering through riffles whirlpools backwashes and large rocks to put the boat in proper position to catch that spectacular fish I strive to share the butterflies entering the stomach as a golfer gets up to execute a one hundred fifty yard golf shot flying over a lake and bunkers to hit a green and sink a putt to win a golf championship It is the spirit of Kneebockers that provides the drive the incentive the eagerness to tackle such challenges in life I love the Kneebockers in me the energy the drive to do my best A saying comes to mind that pretty well sums up the Kneebockers in me Lets be winners even if it must occasionally be in defeat I used that mantra as a guideline for my coaching of players in both basketball and golf I have used it as a guideline for my life in general I hope that these tales will provide a lightness to life in this stressful world I hope that some individuals can benefit from the lessons of a solid relationship

K. Holway,2009-05

Urban realism in the tradition of E L Doctorow William Kennedy Philip Roth and Jimmy Breslin When Jack Was With Us immerses the reader in neighborhood life in New York City from the late 1950 s through the late 1960 s Unlike many other novels by Baby Boomers this novel makes no attempt to sugarcoat or nostalgize it presents life as the author saw it while growing up in all its beauty and all its brutality There is no single protagonist a number of characters whose lives intertwine each seek to make the best out of their lives amid the rich and often volatile ethnic tapestry of New York against the backdrop of social change as the novel moves from the somnolent 1950 s through the turbulent 1960 s Each character struggles and finds his her damnation or redemption amid a city that personifies a nation in flux It is a coming of age not only for the characters but for the greater American collective psyche **Golden State** Michael Hiltzik,2025-02-18 NATIONAL BESTSELLER Superb Hiltzik makes a compelling case that California is the heartbeat of our nation Douglas Brinkley New York Times bestselling author of Silent Spring Revolution From Pulitzer Prize winner Michael Hiltzik a definitive new history of California from the Spanish conquistadors to the Gold Rush to the state s meteoric rise as a tech powerhouse and bulwark of progressivism and of its indelible mark on the United States and the world California has long reigned as the land of plenty a place where the sun always shines and opportunity beckons Even prior to its statehood in 1850 it captured the world s imagination We think of bearded prospectors lured by the promise of gold we imagine its early embrace of immigrant labor during the railroad boom as prologue to its diverse social fabric today But what lies underneath the myth is far more complicated Thanks to extensive research by Michael Hiltzik one of our longstanding voices on California Golden State uncovers the unvarnished truth about the state we think we know well From Spanish incursions into what became known as Alta California to the rise of Big Tech the history of California is one of stark contradictions In rich previously overlooked detail we see its earliest statesmen wreak havoc among native peoples while racing to draft their own constitution even

ahead of statehood Gold hungry settlers venture into the Sierra foothills only to leave with little while a handful of their suppliers turn themselves into millionaire railroad magnates Wars erupt in the name of water as Los Angeles booms and early efforts to tame the vast landscape create a haven for fossil fuel extraction and environmental conservation alike Hollywood politicians stoke fear contributing to a centuries long tradition of anti Asian violence and remarkably legal redlining and free higher education take root together Golden State brings a fresh critical eye to the origins of the state against which the rest of the country measures itself From its very start Hiltzik shows the story of the United States was written in California
