Contents Of A Japanese Tattoo:

The Japanese Tattoo, 1986 A collection of photographs of the Irezumi a secretive group of people drawn from the Japanese underworld who have chosen to have themselves transformed through tattooing into living works of art

Inkclopedia: A Journey into the Tattoo Apprentice's World Ronald Eduardo Rivera Rivera, 2024-08-05 Discover the fundamentals of tattoo art and discover your unique style Tattooing isn't just a craft it's a legacy evolving daily as passionate artists push the boundaries of imagination with every drop of ink Traditionally this art form is handed down from one generation to the next with masters relying on verbal explanations and hands on demonstrations to pass on their expertise If you're anything like me an eager artist hungry to gather up knowledge and keep pace with the expectations of the modern tattoo world you've probably felt the frustration of trying to find solid answers to your burning questions I've been there diving into countless online and in person tattoo courses only to find myself unsatisfied with the lack of depth and detail It wasn't until I started my own apprenticeship that I truly grasped the empirical nature behind mastering this craft and the challenge of passing down that wisdom That's why I've put my heart and soul into this book Drawing from the teachings of various masters I met along the way supplemented by my own research into books and digital resources filling the gaps left by my own journey in the industry Because let's face it we all learn differently at our own pace and with our own interests driving us forward This isn't just another tattoo book it's your personal roadmap through the defying world of tattooing Tear it apart scribble in the margins and explore its contents on your own terms Inside you'll find pages full of history techniques styles and insider tips from professional artists who've walked the same path I'm still that eager artist hungry for knowledge and this book is my contribution to fellow apprentices like you Consider it a compendium of everything I've learned the first step in what I know will be a lifelong journey Welcome to *Inkclopedia: A Journey into the Tattoo Apprentice's World* let's ink together

An Anthropological lifetime in Japan Joy Hendry, 2016-12-05 Joy Hendry's collection demonstrates the value of an anthropological approach to understanding a particular society by taking the reader through her own discovery of the field explaining her practice of it in Oxford and Japan and then offering a selection of the results and findings she obtained Her work starts with a study of marriage made in a small rural community continues with education and the rearing of children and later turns to consider polite language especially amongst women This leads into a study of wrapping and cultural display for example of gardens and theme parks which became a comparative venture putting Japan in a global context Finally the book sums up change through the period of Hendry's research

Japan at Play Joy Hendry, Massimo Raveri, 2005-08-10 This book explores the myth so abused by the mass media that the Japanese are a grey anonymous mass of efficient obedient workers The articles shed light on a Japan outside officialdom a lively Japan of tumultuous and independent thought inefficient and aesthetic pleasure loving aggressive and wasteful creative and anti authoritarian The book's truly international contributors examine the role in modern Japanese society of a range of leisure and play activities

from drinking to travel football to karaoke tattoos to rock fandom They explore how things which seem like play in one context are deadly serious in another and how the fun and enjoyment may be achieved in unexpected ways They also draw attention to the importance of such activities in understanding the deeper structure and meaning pervading all areas of the society in which they take place This book will be of great interest to students and scholars of Japanese Studies Sociology Anthropology and Cultural Studies
