The Book of Happiness Nina Berberova, 2002-05 An outstanding novel about a young Russian woman's life in exile after the Russian Revolution The Book of Happiness is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she lived in Paris and the most autobiographical All Berberova's characters live raw unfurnished lives in poverty on the edge of cities with little sense of belonging except in moments of epiphany to their time and in life itself The Observer Such a character is Vera the protagonist of The Book of Happiness At the novel's opening Vera is summoned to the scene of a suicide that of her childhood companion Sam Adler whose family left Russia in the early days of the revolution and whom Vera has not seen in many years His death reduces Vera to a flood of tears and memories of the times before Sam's departure and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband Berberova spins the story with a wonderful unsentimental poignancy making it a beautiful testament to the indestructibility of happiness

How to be Happy? ,2018 *Happiness* Florine Clomegah - Freitas,2021-12-12 Happiness by Florine is a succinct analysis of the factors that can help make a person happy despite difficult situations or circumstances This book doesn t tell you what to do it tells you how to do it We often forget our roots while trying to survive in the rat race We chase instant happiness through material possessions the ideal job or spouse a coveted promotion or an exotic holiday In the end there is an emptiness that makes us search for new avenues for happiness This book puts an end to our needless quest for nirvana It reminds us that genuine love in its varied forms brings everlasting joy It introduces us to the power of meditation and teachings of spiritual teachers Excerpts from religious scriptures enlighten us on ways of attaining happiness from within

Finding Your Power to Be Happy D. E. Hardesty,2015-01-05 How Can I Be Happy How Can I Find Joy How Can I Find Happiness that Lasts This book answers these questions and many more This book is about learning to be happy The good news is everyone has the natural power to be happy right now Everyone wants to be happy and wants that happiness to last This book teaches unconditional happiness The nature of unconditional happiness is that it is lasting In addition you do not have to do anything to get it It is natural and it is already inside of you waiting to be released You can experience it regardless of what life does or does not hand to you You can be lastingly happy regardless of how hard life is You can be happy if you have a huge family and lots of friends and you can be happy if you are alone You can be happy regardless of whether your health is good or bad You can be happy no matter if you are successful or unsuccessful No matter what you can be happy This book explains that to experience happiness you have to understand that the way most of us search for it does not work Most of us sincerely believe that happiness depends on what we do and what we have Not true There are many people who have everything and seem like they should be happy but who are miserable There are also people who should be miserable but who live in happiness and joy To be happy you have to free your mind from the misconceptions about what it takes to be truly happy That is what this book teaches The practices in this book aim to help you understand the nature of unconditional happiness what it is what it is not and where it comes from With this knowledge you will know where to look and what to aim for Then the book describes practices that help free the mind to discover the happiness within The practices in this book come from many sources including Buddhism Yoga Taoist philosophy Christianity and the latest findings of positive psychology Although much of this book draws from ancient religions and belief systems this book is not about

religion or belief It is about the experience of happiness Learning to be happy is learning to find happiness inside of us This book shows you how to do that **Finding Happiness** Virginia Murphy-Berman,2018-02-25 We all want to be happy and to find contentment and meaning in our lives But sometimes the harder we search for happiness the more elusive it seems to become Perhaps someone tells us that the achievement of happiness may require us to make some fairly big changes in our lives such as increasing our level of self esteem or letting go of our anger or embracing new and difficult challenges We need in essence to become a different kind of person While this type of advice may sound interesting in theory it is tiring and hard to follow In the current book you will not be advised to change the way you are in any basic sense Rather you will simply be asked to play with your perspective and with how you tend to look at things Subtle recalibrations in our focus and in what we bring to our attention can have a powerful impact on how we view ourselves and our life You will learn that you have a choice in what you bring into your awareness You are the author of your own life narrative and you in a sense create the world of your own experience Just learning that we all have this type of choice can be liberating The book is divided into 14 short chapters The first five chapters concern how to increase contentment and satisfaction when thinking of the past the next four deal with finding increased joy in the present and the last five are about learning to think about the future with increased optimism and hope The tone of the book is accessible and inviting Concepts are brought to life by giving many applied examples and illustrations of ideas Carefully crafted and tested exercises are included that nudge you into new ways of thinking and experiencing Finally thoughtful questions are incorporated at the end of each chapter to encourage you to think deeply about the concepts presented and to relate them not just to your own life but also to the timely issues of our day This book will be of interest both to the average reader and to students taking classes on positive psychology where it could serve either as a main text in a short course or a supplement to a semester long course *The Little Book of Happiness* ,2018-01-02 This illustrated book filled with inspirational quotes looks at an emotion that gives our lives meaning happiness What is happiness How can you find it Explore the many interpretations of the word and be inspired with this collection of quotations Happiness Jill Hesson,2016-11-15 LIMITED TIME BONUS INCLUDED FREE Beginner s Guide to Meditation Happiness A Little Guide To Self Love And Positive Thinking For a limited time only get this Amazon bestseller for just 2 99 Read on your PC Mac smart phone tablet or Kindle device Happiness This is probably the most sought after emotion in the world and yet somehow despite our abundance of wealth increase in health and freedom from tyrannical oppression it seems to have grown more elusive We have confused our quest to find inner peace with our desires for success and financial gain Again and again the world transmits a message that if you work really hard you will become really successful and from there happiness will be a bi product that just follows naturally People in the rich industrialized countries are now wealthier than they have been at any time in our history and yet all the evidence points to the fact that we are now unhappier than we have ever been What can it be that we are getting wrong Why is it that depression levels even among adolescents are sky

rocketing We are not the first people to go in search of the answers to this problem It is an age old dilemma that dates back thousands of years but which seems to be reaching a crisis level at the moment The last fifty years have seen huge leaps forward in our knowledge of the workings of the human brain and the psychology associated with it Science has already answered many of the questions we have in regard to happiness and as you delve deeper into this book you are going to learn that your happiness levels are not just something that happen to you or are the result of the circumstances in which you find yourself You can develop your brain s receptiveness to happiness in much the same way as you are able to develop your physical stamina through discipline and effort combined with some education as to how the mind works The techniques that you are about to read are not complicated or taxing They are not dependent on hours of positive reinforcement methodology designed to trick your mind into believing something that it does not want to In fact deep down inside you are about to discover that much of what it takes to be really happy you already knew It had just become buried beneath a constantly deepening layer of disinformation telling you that happiness equaled money plus success We are about to bust that myth wide open and offer a different route altogether Here Is A Preview Of What You Can Learn From This Book How Our Minds Work Follow Your Thoughts Try a Little Gratitude Kindness Counts Meditation And Much More Download your copy today What are you waiting for Download this book for a limited time discount of only 2 99 Tags Happiness Self Love Positive Thinking Mindfulness Meditation Chakras Chakra Healing Chakra Meditation Chakra Balancing Mindfulness Yoga Reiki Meditation Spirituality Holism Healing Energy Zen Awakening Spiritual
