*L'empire de la surveillance* Ignacio Ramonet, 2024-02      *Contre l'empire de la surveillance* Ignacio Ramonet, 2015-11-05

La révolution informatique et l'explosion d'Internet deux formidables avancées technologiques produisent des dommages collatéraux d'une norme envahissante. Nul n'ignore par exemple que la protection de notre vie privée est désormais menacée par la surveillance permanente laquelle nous soumettent ces merveilleux outils smartphones, tablettes, ordinateurs qui ont apparemment largi notre espace de liberté. Mais on imagine mal quel point nous sommes espionnés. Et donc, contrôlés. Dans un texte fort documenté, nourri d'exemples tirés d'expériences concrètes, Ignacio Ramonet d'annonce ce nouvel empire de la surveillance qui défie les citoyens, restreint leurs droits civiques et met en péril une certaine conception de la démocratie. À l'appui de ses thèses, l'auteur convoque deux grands témoins avec lesquels il s'entretient : Julian Assange, le fondateur de WikiLeaks, et Noam Chomsky, l'un des plus grands intellectuels de notre temps. Aussi bien Assange que Chomsky confirment le péril que représente pour les individus libres cet empire de la surveillance, un monstre qui possède cent mille yeux et cent mille oreilles. Et qui ne dort jamais.      Julian Assange in His Own Words Julian Assange, 2021-07 Consortium edition

**Leaks of Power** Borna Ahadi, In a world of government secrecy and digital surveillance the truth can be a deadly weapon. Julian Assange, the controversial founder of WikiLeaks, ignited a global battle for transparency that shook the corridors of power. He quickly found himself in the crosshairs of the world's most powerful intelligence agencies as secret after secret spilled into public view and governments plotted their revenge. *Leaks of Power: The Secret Wars of Julian Assange* is a gripping journey into the heart of this conflict between those determined to expose the truth and the forces desperate to keep it hidden. This book reads like a high-tech thriller yet every twist is shockingly real, from classified leaks and clandestine meetings to cyber showdowns and espionage charges that captured the world's attention. *A Global Battle Between Whistleblowers and Power*. From the shadows of top-secret government facilities to the front pages of international newspapers, *Leaks of Power* takes you behind the scenes of the ultimate struggle between whistleblowers and an empire of secrecy. Drawing on insider accounts and groundbreaking investigative journalism, it reveals how one massive leak triggered political intrigue across continents and a race against time in the realm of cybersecurity. As you turn each page, you'll uncover how far governments will go to maintain control and witness the courageous acts of those who dare to challenge national security in the name of truth and freedom of the press. This compelling narrative explores *Whistleblowers*, *Government Secrecy*, *Meet the insiders* who risk everything to expose the dark corners of government secrecy, *Cybersecurity*, *Espionage*. Discover the shadowy world of hackers and spies as intelligence agencies engage in high-stakes cyber warfare to stop the leaks and silence WikiLeaks. *Freedom of the Press*. Witness the frontline battle journalists and publishers face as they fight for freedom of the press and see how investigative journalism stands up to legal threats and espionage accusations in pursuit of the truth. *Political Intrigue*. Follow the fallout of each revelation as it reverberates through diplomatic channels and watch as

hackers to an international phenomenon Documents made public by the website revealed a wide range of illegal and questionable behaviors by companies and governments around the world from cover ups of shady banking practices to assassination plots Human rights groups and journalists have praised WikiLeaks for its work Assange and WikiLeaks have received awards and recognition for promoting open governments Yet they also have been criticized numerous times for releasing sensitive documents Politicians in many countries have accused the site of attempting to undermine governments In the United States Assange has been vilified by some for releasing information about U S military actions in Iraq and Afghanistan and the website has been criticized for endangering these and other military and intelligence operations WikiLeaks has faced efforts to cut off its funding and has survived several attempts to close it down through political pressure and court actions Several major crises have threatened to derail WikiLeaks including a criminal case against Assange in Sweden for which he is facing extradition Key members left the group due to disagreements over the website s mission and goals and the methods used to achieve them In addition technical problems have periodically hampered the website s ability to accept leaked documents and undermined its security Even if WikiLeaks itself fades or collapses under the weight of its own controversies and challenges the organization has still acted as a trailblazer in the fight for freedom of electronic information and provided an example for future activists to follow and for those in positions of authority to fear This book penetrates the highly secretive world of WikiLeaks profiling its highest ranking decision makers and examining the philosophy and motivation of its founder Combining cloak and dagger high stakes international intrigue with impassioned public debate over the ethics of leaking and a straight forward biography of a man and the company he founded this book is a fascinating compelling thought provoking read The volume provides a privileged glimpse into the corridors of power and the top secret decision making we would otherwise remain unaware of also included are fact sheets on Assange and WikiLeaks and an informative timeline
