

A muscular man with a beard and chest hair is shown from the waist up, shirtless, with his hands on his hips. He is standing in a dark, misty forest at night. In the background, there are tall evergreen trees, a full moon in the sky, and a small, glowing wolf-like creature in the lower right. The overall mood is mysterious and sensual.

Eliza couldn't help herself. She finds herself in the middle of a conflict that threatens to rear its violent head when two mysterious brothers arrive in town. Due to sexually graphic content and language that some may find offensive, this book is intended for mature readers only. Eliza lives in the quiet town of Birkbridge, Indiana, where nothing big ever seems to happen. As the daughter of a legendary wartime correspondent, Eliza feels as though she has large shoes to fill. Sadly, her own career as a reporter at the local news station is beginning to feel dull, and her once ambitious boss Jim is failing to live up to his former appeal in the industry. Instead, he sends Eliza to report on boring crowd-pleasing events like their country livestock fair. As if Midwestern life wasn't boring enough already, with the arrival of two handsome brothers, the lives of Eliza and her best friend Melissa are shaken to the core. For Eliza, the arrival of this new man, Hayden, becomes a test of her relationship with her current boyfriend, Andrew, who she's been happily living with for over six years. To make matters worse, Eliza also suspects that her mysterious admirer may have more secrets than his calm demeanor reveals. Eliza struggles to negotiate her professional and private life while also dealing with an adversary from her past. When the opportunity to investigate Hayden's past arises, Eliza simply can't resist; she leaves the normality of her comfortable life behind and takes a leap into the unknown. Does Hayden, a complete stranger, really wield the power to make Eliza reconsider her relationship with Andrew? Read this book to find out what happens.
