Convergence Culture Where Old And New Media Collide:

Convergence Culture Henry Jenkins, 2008-09 What the future fortunes of Gramsci's writings will be we cannot know. However, his permanence is already sufficiently sure and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this. Eric Hobsbawm from the preface: Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish for the first time in English Santucci's masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as civil society and hegemony are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them. Rather, what we must do and what Santucci illustrates time and again in his dissection of Gramsci's writings is absorb Gramsci's methods. These can be summed up as the suspicion of grand explanatory schemes, the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his *Nota*: Gramsci did not set out to explain historical reality armed with some full-fledged concept such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and gradually he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society. The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page. *Convergence culture*, 2008. **Convergence Culture**, 2012. **Cultura da convergência**. Henry Jenkins, SUSANA ALEXANDRIA, 2008. Henry Jenkins investiga o alvoreço em torno das novas mídias e expõe as importantes transformações culturais que ocorrem medida que esses meios convergem. Ele nos introduz aos fãs de Harry Potter que estão escrevendo suas próprias histórias enquanto os executivos se debatem para controlar a franquia. Ele nos mostra como o fenômeno Matrix levou a narrativa a novos patamares criando um universo que junta partes da história entre filmes, quadrinhos, games, websites e animações. **Proceedings of the 4th Australasian Conference on Interactive Entertainment**.
