Turkle quotes many stories from her interviews to illustrate her basic argument. In one worrying case, she describes the experience of a woman who goes to interview someone she is interested in employing as a nanny. When the woman arrives at the apartment, she meets the person’s flatmate who at the time is texting on her BlackBerry. The woman asks to see the would-be nanny. Rather than get up to knock on this person’s door – which is only 15 feet away – the flatmate sends her a text to tell of the woman’s arrival. The woman is shocked – as is Turkle – that the flatmate would not simply
