City Of Dreadful Delight:

City of Dreadful Delight Judith R. Walkowitz, 2013-06-14 From tabloid exposes of child prostitution to the grisly tales of Jack the Ripper narratives of sexual danger pulsed through Victorian London Expertly blending social history and cultural criticism Judith Walkowitz shows how these narratives reveal the complex dramas of power politics and sexuality that were being played out in late nineteenth century Britain and how they influenced the language of politics journalism and fiction Victorian London was a world where long standing traditions of class and gender were challenged by a range of public spectacles mass media scandals new commercial spaces and a proliferation of new sexual categories and identities In the midst of this changing culture women of many classes challenged the traditional privileges of elite males and asserted their presence in the public domain An important catalyst in this conflict argues Walkowitz was W T Stead s widely read 1885 article about child prostitution Capitalizing on the uproar caused by the piece and the volatile political climate of the time women spoke of sexual danger articulating their own grievances against men inserting themselves into the public discussion of sex to an unprecedented extent and gaining new entree to public spaces and journalistic practices The ultimate manifestation of class anxiety and gender antagonism came in 1888 with the tabloid tales of Jack the Ripper In between there were quotidian stories of sexual possibility and urban adventure and Walkowitz examines them all showing how women were not simply figures in the imaginary landscape of male spectators but also central actors in the stories of metropolotin life that reverberated in courtrooms learned journals drawing rooms street corners and in the letters columns of the daily press A model of cultural history this ambitious book will stimulate and enlighten readers across a broad range of interests

figures in the imaginary landscape of male spectators but also central actors in the stories of metropolitan life that reverberated in courtrooms learned journals drawing rooms street corners and in the letters columns of the daily press A model of cultural history this ambitious book will stimulate and enlighten readers across a broad range of interests *City of Dreadful Delight; Narratives of Sexual Danger...* Judith R. Walkowitz, 1992 *An essay discussing "City of Dreadful Delight" by Judith R. Walkowitz* Jane Vetter, 2008-10-13 Essay from the year 2006 in the subject Cultural Studies Miscellaneous University of North Florida language English abstract In 1888 Great Britain was in the middle of the Victorian era and on the height of its international significance mainly because of imperialistic strategies in order to abide British power by gaining resources from colonies However there were substantial depressions due to agricultural problems and foreign competition in regard to industrialization Not only was the population growing rapidly but also the circulation of newspapers This novel media phenomenon led to a huge hype regarding the Jack the Ripper murders focusing on narratives Victorian fantasies regarding gender and sex and a mixture of actual facts and imaginary ideas Within ten weeks five murders of prostitutes took place within Whitechapel a poor part of Eastern London The press concentrated on various elements such as setting mystery and motive of the homicides possible suspects coming from different classes and circumstances and the lives of the victims transforming the case into a national scandal 201 **The Blackwell City Reader** Gary Bridge, Sophie Watson, 2010-03-08 Updated to reflect the most current thinking on urban studies The Blackwell City Reader Second Edition features a comprehensive selection of multidisciplinary readings relating to the analysis and experience of global cities Includes new sections of materialities and mobilities to capture the most recent debates The most international reader of its kind including extensive coverage of urban issues in Asia China and India Combines theoretical approaches with a wide range of geographical case studies Organized to be used as a stand alone text or alongside Blackwell's *A Companion to the City* **The Sexist Microphysics of Power** Nerea Barjola, 2024-05-07 A groundbreaking feminist text that frames our obsession with true crime as a form of sexual terror In 1992 three teenage girls went missing from the small town of Alcásser in Valencia Spain while on their way to a nightclub in a case whose strangeness and brutality continues to draw popular speculation decades later Feminist theorist Nerea Barjola retraces the high profile search to find them and the media frenzy of the ensuing trial to explore our cultural fascination with the harm done to women's bodies The graphic rehearsal of the details in news and media fuels cautionary tales of sexual danger that induce in women a mental map of places they can and cannot go the activities they dare not do Rape is not an individual crime but the expropriation of the female body a threat leveled against a class of potential victims that shifts the burden of staying safe onto their own internalized policing This Barjola argues is the frontline for female transgression freedom and resistance Offering a feminist take on Giorgio Agamben's concept of bare life this riveting case study identifies spaces where women cross beyond social limits a house a party a car into a place where danger is all but inevitable where the state of exception turns into the scene of

the crime The Sexist Microphysics of Power builds on Judith Butler's work on performativity Michel Foucault's thinking on the day to day operations of power and Silvia Federici's analysis of the witch hunt to propose a paradigm shift in our understanding of the systemic impact of gender violence and of a culture the relishes in its lurid repetition In 2021 the Spanish government awarded the book a national distinction for the significance of its research for social transformation

Beastly Journeys Tim Youngs, 2013 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Bats beetles wolves butterflies bulls panthers apes leopards and spiders are among the countless creatures that crowd the pages of literature of the late nineteenth century Whether in Gothic novels science fiction fantasy fairy tales journalism political discourse realism or naturalism the line between the human and the animal becomes blurred *Beastly Journeys* examines these bestial transformations across a range of well known and less familiar texts and shows how they are provoked not only by the mutations of Darwinism but by social and economic shifts that have been lost in retellings and readings of them The physical alterations described by George Gissing George MacDonald Arthur Machen Arthur Morrison W T Stead Bram Stoker H G Wells Oscar Wilde and many of their contemporaries are responses to changes in the social body as Britain underwent a series of social and economic crises Metaphors of travel social spatial temporal mythical and psychological keep these stories on the move confusing literary genres along with the indeterminacy of physical shape that they relate *Beastly Journeys* will appeal to anyone interested in the relationship between nineteenth century literature and its contexts and especially to those interested in the fin de siècle and in metaphors of travel animals and shape changing

The New Woman Sally Ledger, 1997 By comparing fictional representations with real New Women in late Victorian Britain Sally Ledger makes a major contribution to an understanding of the Woman Question at the end of the century Chapters on imperialism socialism sexual decadence and metropolitan life situate the revolting daughters of the Victorian age in a broader cultural context than previous studies

Man Up Morna Ramday, 2015-10-05 Much has been written regarding the New Woman in the fin de siècle and the changes women's groups fought so hard to achieve However the social and gender changes demanded by women as the nineteenth century drew to a close necessitated a corresponding change in traditional masculinities Redefinition of the male role was not easily negotiated in an era of rampant patriarchy and Victorian supremacy the distinct boundaries between male and female social space made this increasingly problematic for both genders Some Victorian men who had seen the public sphere as exclusively theirs felt both their masculinity and male privilege threatened and were confused by women's challenges and their attempted encroachment into what had previously been perceived as solely male domains While many female authors explored possibilities for the New Woman figure as the fin de siècle approached male authors began to consider how masculinities might respond to changing gender dynamics Authors such as Sir Arthur Conan Doyle and Bram Stoker amongst others addressed ways in which their male characters could negotiate a quandary of masculinities under threat by alterations to conventional gender spheres while

remaining mainly in situations which required a rethinking of many of their basic tenets during this time of flux This book examines the opinions of women within both the dominant and reverse discourses and parallels them with ideas surrounding changes in masculinities that began to emerge in male authored texts As such it details an often vociferous negotiation of volatile issues which led to a major upheaval of gender roles in the approach to a new century that demanded changes which were difficult to achieve

With Other Eyes Lisa Bloom, 1999 *With Other Eyes* demonstrates how feminist postcolonial and antiracist concerns can successfully be incorporated into the study of art

Degeneration, Normativity and the Gothic at the Fin de Siècle S. Karschay, 2015-01-06 This exciting new study looks at degeneration and deviance in nineteenth century science and late Victorian Gothic fiction The questions it raises are as relevant today as they were at the nineteenth century's fin de siècle What constitutes the norm from which a deviation has occurred What exactly does it mean to be normal or abnormal
