*The Inheritance* Mara E. Karlin, 2021-12-14 Exploring how the U S military can move beyond Iraq and Afghanistan Since the September 11 2001 attacks the U S military has been fighting incessantly in conflicts around the globe often with inconclusive results The legacies of these conflicts have serious implications for how the United States will wage war in the future Yet there is a stunning lack of introspection about these conflicts Never in modern U S history has the military been at war for so long And never in U S history have such long wars demanded so much of so few The legacy of wars without end include a military that feels the painful effects of war but often feels alone The public is less connected to the military now than at any point in modern U S history The national security apparatus seeks to pivot away from these engagements and to move on to the next threats notably those emanating from China and Russia Many young Americans question whether it even makes sense to invest in the military At best there are ad hoc unstructured debates about Iraq or Afghanistan Simply put there has been no serious organized stock taking by the public politicians opinion leaders or the military itself of this inheritance Despite being at war for the longest continuous period in its history the military is woefully unprepared for future wars But the United States cannot simply hit the reset button This book explores this inheritance by examining how nearly two decades of war have influenced civil military relations how the military goes to war how the military wages war who leads the military and who serves in it how the military thinks about war and above all the enduring impact of these wars on those who waged them If the U S military seeks to win in the future it must acknowledge and reconcile with the inheritance of its long and inconclusive wars This book seeks to help them do so Flying Magazine ,1945-12 **ISLA** ,1979-04 Clippings of Latin American political social and economic news from various English language newspapers
