Claire Guest Listened To Daisy:

Claire Guest Listened to Daisy Claire Guest, Terry Gasking, 2014 This is a story of a remarkable lady Claire Guest was certain that dogs could sniff out Cancer She and a few stalwarts set about proving it Skilled training and intensive testing proved beyond doubt that dogs can detect cancer and other life threatening diseases By 2014 her charity Medical Detection Dogs has placed more than 50 Assistance Dogs with clients warning them of oncoming attacks from Diabetes Narcolepsy or Addisonian crisis They have just trained their first dog to protect its owner from severe Nut Allergy Medical Assistance Dogs greatly reduce the need for paramedic call outs and emergency hospital admission but it may be their work in Cancer Detection that is perhaps the most startling Daisy a fox red Labrador has conducted over 6 000 tests on human urine samples and has correctly diagnosed more than 500 as containing cancer Her accuracy measured at 93% is not only amazing but opens the door for early low cost detection of the disease Daisy also alerted Claire to her own deep undiagnosed breast cancer that if left undetected would have been life threatening These are the facts but this book is also about Claire Guest herself and tells the story of a happy childhood marred by severe bullying at school leading through to University and her fascinating experiences viewing mice and training Tess her Rat It was at this stage that Ruffles her first dog entered her life Claire was to go on and train many hundreds of dogs including Hearing Dogs and Gundogs and many of them are featured in these pages including Dill Dog Brain of Britain The ups and downs of fortune and events flow through the book to the eventual acceptance of the work of this passionate dog lover to the Royal Patronage of the charity she has formed A book recommended for everyone

Heal Arlene Weintraub, 2015-10-01 How man s best friend could help cure man s greatest scourge An Emperor of All Maladies for dog lovers Dr Sarah Boston author of Lucky Dog How Being a Veterinarian Saved My Life Drawn from extensive research on the ground reporting and personal experience this book explores the fascinating role dogs and cats are playing in the search of cures for cancer Learn how veterinarians and oncologists are working together to discover new treatments cutting edge therapies designed to help both animals and people suffering from cancer Heal introduces readers to the field of comparative oncology by describing several research projects aimed at finding new therapies for cancers that are similar in dogs and people including lymphoma osteosarcoma breast cancer melanoma and gastric cancer The author who lost her sister to gastric cancer also writes about the emerging science behind the remarkable ability of dogs to sniff out early stage cancer and the efforts underway to translate that talent into diagnostic devices for early detection of the disease In the course of bringing these dogs and their human companions to life Arlene Weintraub takes her own personal journey from grief to healing as she shows how man s best friend might be the key to unlocking the mysteries of cancer Readers will share Weintraub s growing appreciation for the canine and feline subjects and their owners who are helping to advance cancer research Publishers Weekly

Daisy's Gift Claire Guest, 2016-07-14 Claire Guest was walking her dogs when Daisy a fox red Labrador nudged her breast insistently and stared up into her face with her big brown

eyes Sensing something was wrong Claire visited her GP and soon found out she had a very deep and difficult to diagnose form of breast cancer Daisy had saved her life simply by smelling her cancer With her scientific background and deep love of dogs Claire intuited that Daisy and her canine pals could save many more lives and set up the charity Medical Detection Dogs Though faced with many challenges Claire and her dogs have proven to be a remarkable asset to cancer detection and have changed the lives of many seriously ill people and their families This is the story of how our relationship with dogs can unleash life saving talents changing not only the medical world but our own lives too A willing exile Mark André S.
