Black Youth in Crisis (Routledge Revivals) E. Cashmore, B. Troyna, 2013-10-08 First published in 1982 this book considers the position of young Afro Caribbean people in Britain in the 1980s It looks at how at the time this group of young people were disproportionately hit by growing unemployment seemed to be over represented in crime statistics and were often disadvantaged at school The authors of the book analyse the struggles of the time and look at the reasons for their existence Black Youth in Crisis Ernest Cashmore, Barry Troyna, 1982-01-01 The Oxford Handbook of Migration Crises Cecilia Menjivar, Marie Ruiz, Immanuel Ness, 2019 The Oxford Handbook of Migration Crises focuses on two interrelated aspects of migration crises the contexts that give rise to such crises and the role of the media and public officials in framing migratory flows as crises It critically examines what crises are where they arise and how this concept is used in scholarship and policy

Remix and Life Hack in Hip Hop Michael B. MacDonald, 2016-07-15 Many hiphoppas labour to sustain HipHop Culture in their communities far from the big stages world tours and hit singles enjoyed by a shockingly few American hiphoppas The creative labour of these few mega stars is calculated in billions of dollars But for most hiphoppas their creative labour may never get expressed in economic terms Instead it is expressed in social capital the production of collective and individual subjectivities the bonds of love that build and hold communities together and the healing of broken hearts broken homes and broken neighborhoods in broken cities HipHop Culture is NOT a music genre it is MUCH more and exploring how the sharing of aesthetic resources builds community and how situated learning plays a necessary role in cultural sustainability draws out questions that may lead to a model of community located cultural education and a starting point for a critical pedagogy of music I ain't going to front academics talking about hip-hop scares me and often pisses me off I'm protective about this culture like it's my own baby because it's meant so much to me and my close friends In my less angry moments I do appreciate the fact that this culture still has so much to give to the rest of the world and that the next level is what we give back Well we need allies in this complex world to move things forward As I've gotten to know Michael I consider him such an Ally and that his intent is firmly squared in empowering cats in the front lines I also really dig the fact that he is committed to helping document the histories of those who laid the groundwork in the Edmonton scene This is the respectful place to start I look forward to bearing witness to Grass roots HipHop reclaiming its voice and being at the forefront with academics supporting their community efforts Stephen Buddha Leafloor Founder of the Canadian Floor Masters Founder of Blueprintforlife.ca Ashoka Fellow Social Worker and an aging bboy Dr Michael B MacDonald's research into Hip Hop's pedagogical ingenuity have not only led us to the grassroots of Hip Hop's rich and vibrant global culture but to the very Ethos of HipHop With bold examination this exciting research stands at the forefront of contemporary post colonial HipHop literature Andre Hamilton aka Dre Pharoh Executive Director Cipher5 HipHop Academy Temple of HipHop Canada Cultural Sociology Les Back, Andy Bennett, Laura Desfor Edles, Margaret Gibson, David Inglis, Ron Jacobs, Ian

Woodward,2012-03-05 Cultural Sociology An Introduction is the first dedicated student textbook to address cultural sociology as a legitimate model for sociological thinking and research Highly renowned authors present a rich overview of major sociological themes and the various empirical applications of cultural sociology A timely introductory overview to this increasingly significant field which provides invaluable summaries of key studies and approaches within cultural sociology Clearly written and designed with accessible summaries of thematic topics covering race class politics religion media fashion and music International experts contribute chapters in their field of research including a chapter by David Chaney a founder of cultural sociology Offers a unified set of theoretical and methodological tools for those wishing to apply a cultural sociological approach in their work *Neoliberalism and Language Shift* Ben Ó Ceallaigh,2022-11-07 While economic forces are often cited as being a key cause of language loss there is very little research that explores this link in detail This work based on policy analysis and ethnographic data addresses this deficit It examines how neoliberalism the dominant economic orthodoxy of recent decades has impacted the vitality of Irish in the Republic of Ireland since 2008 Drawing on concepts well established in public policy studies but not prominent in the subfield of language policy the neoliberalisation of Irish language support measures is charted including the disproportionately severe budget cuts they received It is argued that neoliberalism s antipathy towards social planning and redistributive economic policies meant that supports for Irish were inevitably hit especially hard in an era of austerity Ethnographic data from Irish speaking communities reinforce this point and illustrate how macro level economic disruptions can affect language use at the micro level Labour market transformations emigration and the dismantling of community institutions are documented along with many related developments thereby highlighting an issue of relevance to communities around the world the fundamental tension between neoliberalism and language revitalisation efforts **World Fascism** Cyprian Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth
