Teacher's Manual for Men and Nations John M. Peoples,1959 A Manual of Economically Important Plants ,1999

War Department Education Manual ,1945 *Informal Order and the State in Afghanistan* Jennifer Brick

Murtazashvili,2016-04-21 Despite vast efforts to build the state profound political order in rural Afghanistan is maintained by self governing customary organizations *Informal Order and the State in Afghanistan* explores the rules governing these organizations to explain why they can provide public goods Instead of withering during decades of conflict customary authority adapted to become more responsive and deliberative Drawing on hundreds of interviews and observations from dozens of villages across Afghanistan and statistical analysis of nationally representative surveys Jennifer Brick Murtazashvili demonstrates that such authority enhances citizen support for democracy enabling the rule of law by providing citizens with a bulwark of defence against predatory state officials Contrary to conventional wisdom it shows that traditional order does not impede the development of the state because even the most independent minded communities see a need for a central government but question its effectiveness when it attempts to rule them directly and without substantive consultation

Battle Cries and Lullabies Linda Grant De Pauw,2014-07-11 In this groundbreaking work which covers thousands of years and spans the globe Linda Grant De Pauw depicts women as victims and as warriors as nurses spies sex workers and wives and mothers of soldiers as warrior queens leading armies into battle and as baggage carriers marching in the rear Beginning with the earliest archaeological evidence of warfare and ending with the dozens of wars in progress today *Battle Cries and Lullabies* demonstrates that warfare has always and everywhere involved women Following an introductory chapter on the questions raised about women s participation in warfare the book presents a documented chronological survey linked to familiar models of military history De Pauw provides historical context for current public policy debates over the role of women in the military Whether one applauds or deplors their presence and their actions women have always been part of war To ignore this fact grossly distorts our understanding of human history Computer Gaming World ,1996

We Kill Because We Can Laurie Calhoun,2015-09-15 Welcome to the Drone Age Where self defense has become naked aggression Where courage has become cowardice Where black ops have become standard operating procedure In this remarkable and often shocking book Laurie Calhoun dissects the moral psychological and cultural impact of remote control killing in the twenty first century Can a drone operator conducting a targeted killing be likened to a mafia hitman What difference if any is there between the Trayvon Martin case and the drone killing of a teen in Yemen *We Kill Because We Can* takes a scalpel to the dark heart of Western foreign policy in order to answer these and many other troubling questions

Grove,2019-08-16 Jairus Victor Grove contends that we live in a world made by war In *Savage Ecology* he offers an ecological theory of geopolitics that argues that contemporary global crises are better understood when considered within the larger

history of international politics Infusing international relations with the theoretical interventions of fields ranging from new materialism to political theory Grove shows how political violence is the principal force behind climate change mass extinction slavery genocide extractive capitalism and other catastrophes Grove analyzes a variety of subjects from improvised explosive devices and drones to artificial intelligence and brain science to outline how geopolitics is the violent pursuit of a way of living that comes at the expense of others Pointing out that much of the damage being done to the earth and its inhabitants stems from colonialism Grove suggests that the Anthropocene may be better described by the term Eurocene The key to changing the planet s trajectory Grove proposes begins by acknowledging both the earth shaping force of geopolitical violence and the demands apocalypses make for fashioning new ways of living **Appearance Politics** Lex Lu,2024-11-15

In *Appearance Politics* Lex Lu argues that crafting an appealing and powerful outward image has long been a critical political tool in China This strategy is evident in historical records imperial portraits physiognomic assessments photographs posters statues and digital images Using rare archival materials from Beijing Shanghai and Nanjing Lu explores how political figures designed their images and examines the shifting standards of male beauty that shaped their choices The book analyzes five case studies Ming Prince Zhu Di s usurpation the rise of Manchu masculinity and blended Han Manchu beauty standards under Emperor Yongzheng modern photography and Western beauty ideals in the early 20th century Sun Yat sen s crafted image as the Republican founding father and Mao Zedong s iconic visual legacy Through this empirical nuanced study *Appearance Politics* challenges stereotypical portrayals of Chinese male leadership in Western media and scholarship offering a richer understanding of appearance as a deliberate political strategy **Books in Print Supplement** ,2002

Antiquarian Bookman ,1956 World Civilizations Peter N. Stearns,2002-02 *Bombing Pompeii* Nigel Pollard,2020-11-18 *Bombing Pompeii* examines the circumstances under which over 160 Allied bombs hit the archaeological site of Pompeii in August and September 1943 and the wider significance of this event in the history of efforts to protect cultural heritage in conflict zones a broader issue which is still of great importance From detailed examinations of contemporary archival document Nigel Pollard shows that the bomb damage to ancient Pompeii was accidental and the bombs were aimed at road and rail routes close to the site in an urgent attempt to slow down the reinforcement and supply of German counter attacks that threatened to defeat the Allied landings in the Gulf of Salerno The book sets this event along with other instances of damage and risk to cultural heritage in Italy in the Second World War in the context of the development of the Allied Monuments Fine Arts and Archives the Monuments Men *The United States Catalog* ,1912
