Eugene Blackstone and John Nelson Darby Larkin created original detailed prophetic wall charts to use while teaching his convictions around these ideas from the pulpit. This unique approach quickly became so popular that articles based on his teachings were published in the Sunday School Times and soon invitations for him to explain his ideas involving eschatology the future and end times prophecy began coming in from across America and around the world. Starting in 1918 he published his first masterpiece *Dispensational Truth or God's Plan and Purpose in the Ages* but high demand for his works quickly resulted in the additional titles *Rightly Dividing the Word of Truth* and *The Book of Daniel*. The brilliance of these books now constitute this first ever single volume *DISPENSATIONS The Clarence Larkin Collection* *Our Sunday-school Work and how to Do it* Christopher Rubey Blackall, 1901

The Spirit World: The Complete Text with All Illustrations and Charts Clarence Larkin, 2018-08-28 In this book Clarence Larkin explains the various elements of the spiritual world of Christianity including demons the underworld resurrection and man's relationship to the spirits. Unafraid to tackle topics often ignored or relegated to the barest mention by other theologians in *The Spirit World* Clarence Larkin delves deeply into the topics such as hell Satan and demonic manifestations. His accessible style is made further comprehensible by the myriad drawings and charts which visually portray concepts which first appeared in the Bible. For decades in his role as a preacher and theologian Larkin immersed himself in the depths of Biblical lore. His studies ranged from explaining obscure or cryptic books of the Bible to clarifying the manifestations of spirits good and evil and how these corporeal beings interact with one another and with humans. The machinations behind phenomena such as resurrection fallen angels and the journey of the soul to the afterlife are topics which Larkin explains. *Dispensational Truth* Clarence Larkin, 1920 A mechanical engineer turned minister's interpretation of Christian teachings through the use of charts and illustrations **Defender Magazine**, 1953

Dispensational Truth Or God's Plan and Purpose in the Ages (Illustrated) Clarence Larkin, 2017-04-13 *Dispensational Truth* Clarence Larkin's thesis into the actions of God in the Holy Bible is renowned for its author's detailed illustrations charts and explanations. Perhaps the most ambitious work ever authored by Larkin *Dispensational Truth* covers a range of Biblical subjects across the Old and New Testaments with the prophetic elements receiving the greatest emphasis. Larkin's aim is to explain the wisdom divulged in the Bible over the centuries that it was composed so that readers may comprehend the full richness of the scriptures. How God dispensed wisdom and dealt with mankind His decrees and instructions to humanity and how these were interpreted and carried out by His followers are topics Larkin examines with great gusto. Clarence Larkin aims to connect each part of the Bible in a manner which is refreshing and clarifying for the reader. He navigates the principle events of the Good Book explaining them in language that readers can easily understand. This demystification is a central pillar of this and other books by Larkin who as a preacher sought to promote comprehension of the Biblical lore to his congregation and as an author sought to promote wider understanding among all Christians. Unlike most other preachers and authors on Christian lore Clarence Larkin famously saw the value in the use of images and

diagrams as a means of explaining the most complex or intricate principles of the holy texts Accordingly this book contains many illustrations and charts these give visual representation to episodes of the Biblical canon These charts are crucial companions to the text and it is with them that the reader may gain enormous insight Larkin s investigations range across the Biblical books but also beyond to things such as the Egyptian pyramids Seeing these as significant to events in the Book of Exodus we receive complex diagrams of the pyramids and a discussion of their layout Larkin keenly explains the scriptures which resulted from the Israelite s interaction with Egypt and their culture in a manner theologically and historically enlightening Owing to the tenacity of its author Dispensational Truth is one of the most thorough discussions and explanations of the Biblical canon in existence As some of the larger charts contain small print it is likely that readers will in parts require a magnifying glass in order to discern Larkin s analyses to the fullest **Abstracts** American Academy of Religion,American Academy of Religion.
