

Short Story Notes

- Why read fiction? For pleasure and understanding is the short answer.
- We read to escape into another world – to expand our imagination and to get us away from what for many of us is a life of “quiet desperation” – we need a break from our everyday existence.
- But to be a serious area of study, fiction should do more than just entertain us – it can also further our understanding of the human condition. It can help understand those eternal questions of “who we are” and “why we act the way we do.”
- There are therefore two broad categorizations of fiction:
 - Escape literature – written purely for entertainment and to help us pass the time.
 - Interpretive (Thematic) literature – is written to deepen and broaden and sharpen our awareness of life. It takes us deeper into our real world.

Plot

- The sequence of related events or incidents which comprise a story
- Within the plot, there must be a **conflict**- a clash of actions, ideas, desires, or wills.
- Types of Conflict:
 - person against person- conflict of one against another
 - Person against environment – someone against an external force – physical nature, fate, or society
 - Person against themselves – a person against some element in their own nature.
- These conflicts can be physical, emotional, mental, or moral.
