

Quality Assurance Manual

President's Policy and Authorization of Quality Control

The management system for the Steel Structural Fabrication, Erection & Doors of Leo Steel Construction Co. entrusted through furnishing high quality and reliable products that comply with the requirements of the customer and applicable standards of the LEO STEEL CONSTRUCTION CO. (ex Rashid Trading & Cont. Est.) products.

I now declare that this Quality control program has been authorized and approved by myself and will be strictly enforced.

All company personnel will strictly adhere to the procedures in this manual. No exceptions will be tolerated or allowed.

The Quality Assurance Department Manager is given authority over the administration and application of the Quality Control system and has the organizational freedom to identify quality problems; initiate, recommend or provide solutions to those problems and verify that the required action has been properly carried out. The Quality Assurance Manager also has the authority to reject and stop work at any moment if they deem it necessary.

In the case of a possible conflict between the Quality Assurance Manager and any related Department, the matter shall be referred to the undersigned for resolution. All resolutions shall meet the requirements of the applicable standards and/or codes & specification requirements.

No formats or procedures other than those prescribed in this Quality Manual shall be issued for inspection purposes.

It is emphasized that all planned and systematic activities toward the achievements of Quality Assurance should be focused on good plant performance, high quality and reliability and should not be prejudicial to the achievements of the projects schedule.
