

# BRANDS THAT MAKE THE BEST CARS

We rank automakers from best to worst on their scores and survey results.

by JEFF S. KRAVITZ

**How we made the rankings:** The *Best* brand is the automaker whose vehicles received the most favorable CR ratings, based on reliability, owner satisfaction, and safety. For the remaining brands, we sort vehicles through more than 30 metrics. *Model* reliability ratings are based on problems reported by owners over 12 months. Models with a CR's *Score* drop for any reason, regardless of whether the model is rated as *Good*, *Fair*, or *Poor* than the previous year. Models that score at least one *Good* rating are included in our rankings. *Score* is a year-over-year comparison of scores. *Score* is a year-over-year comparison of scores. *Score* is a year-over-year comparison of scores. *Score* is a year-over-year comparison of scores.

**and vehicle ownership of its automakers** can show you if the right direction when making a new car purchase. These ratings are based on the average Overall Score, a combination of our most recent reliability, safety, and owner satisfaction data, and reflect the

all of the models from each automaker. The top five brands this year are the same ones as 2023, with BMW leading the pack with an 87 score, followed by Subaru, the leading manufacturer brand with 85. This year, for both companies, a clear consistent combination of high

and low scores and very good predicted reliability. Porsche takes the third position with a score of 84. Both Porsche and Cadillac moved up 10 positions this year due to their improved reliability. Keep in mind that even high scoring brands can have some lower performing

models, so be sure to check the ratings (see page 46) for the auto you're considering. This is especially true for bigger brands like Ford and Toyota, which have some models that performed far better than others in our tests. (If the brands CR ranked this year

were recommending every model rated from worst (BMW, Porsche, Honda, Kia, Mazda, and Audi) Single pick: You can buy and feel confident from those companies with confidence. (There are also brands that don't have a single model recommended by CR, including

carefully when buying one of those.) To be included in the overall ranking, CR has to have tested at least two current models from a company. We've tested only one model from Lexus, Polestar, and Ram, so they aren't included this year.
