Each grade in The Wheatley Portfolio features a comprehensive coherent sequence of thematic units that engage students in deep study of worthwhile texts and topics. Features of this book include: Six thematic units for each grade, each centered on a curated collection of literary and informational texts; Focus standards for each unit that complement the topic and promote student mastery of essential literacy skills; Suggested texts and activities to incorporate science, art, and history into English instruction. This revised second edition includes a sample text study that guides students through a close read of an exemplary text, updated web resources, and refreshed suggested works. Educators who create their curriculum based on Common Core's Wheatley Portfolio guarantee that students are exposed to content-rich instruction and have ample opportunity to master the reading, writing, speaking, listening, and language skills articulated in the CCSS for ELA.

Common Core Curriculum Maps in English Language Arts Great Minds, 2011-10-13 The first books to present specific guidance for teaching the Common Core State Standards, Forty-three states plus D.C. and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards CCSS. The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers for teachers, the research-based curriculum maps in this book present a comprehensive coherent sequence of thematic units for teaching the skills outlined in the CCSS for English Language Arts in Grades 6-8. Each grade is broken down into six units that include focus standards, suggested works, sample activities, and assessments, lesson plans, etc. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles. Reading Across Multiple Texts in the Common Core Classroom, K-5 Janice A. Dole, Brady E. Donaldson, Rebecca S. Donaldson, 2014-07 This teacher-friendly resource addresses one of the most important critical reading skills in the Common Core State Standards: reading across multiple texts. As the world grows ever more complicated, students more than ever need to become skillful at reading multiple sources, comparing, contrasting, and integrating texts. Responding specifically to Standards 7 and 9, this guide shows teachers how to work with students as they read, think about, critique, and evaluate multiple texts, including narrative and informational print, graphic, and video, hard copy, and online. The authors provide strategies for helping students answer text-dependent questions, find evidence in a text, and scan for information. Model lessons developed and taught by the authors and their professional colleagues will be especially useful to teachers whether they are beginning or expanding their own teaching of multiple texts.
