Groth, 2012-08-10 A journey into the vibrant and intriguing world of mathematics education. Teaching Mathematics in Grades 6-12 explores how research in mathematics education can inform teaching practice in grades 6-12. The author shows secondary mathematics teachers the value of being a researcher in the classroom by constantly experimenting with methods for developing students' mathematical thinking and then connecting this research to practices that enhance students'

understanding of the material The chapters in Part I introduce secondary teachers to the field of mathematics education with cross cutting issues that apply to teaching and learning in all mathematics content areas The chapters in Part II are devoted to specific mathematics content strands and describe how students think about mathematical concepts The goal of the text is to have secondary math teachers gain a deeper understanding of the types of mathematical knowledge their students bring to grade 6 12 classrooms and how students thinking may develop in response to different teaching strategies Teaching Students With High-Incidence Disabilities Mary Anne Prater,2016-12-29 To ensure that all students receive quality instruction Teaching Students with High Incidence Disabilities prepares preservice teachers to teach students with learning disabilities emotional behavioral disorders intellectual disabilities attention deficit hyperactivity and high functioning autism It also serves as a reference for those who have already received formal preparation in how to teach special needs students Focusing on research based instructional strategies Mary Anne Prater gives explicit instructions and includes models throughout in the form of scripted lesson plans The book also has a broad emphasis on diversity with a section in each chapter devoted to exploring how instructional strategies can be modified to accommodate diverse exceptional students Real world classrooms are brought into focus using teacher tips embedded case studies and technology spotlights to enhance student learning **Your Mathematics Standards Companion, High School** Frederick L.
