Leana, 2025-10-16 In his manual *Getting Into College* Leana provides both broad and very specific advice and information that will help high school students gain admission to the college of their choice. How to Prepare a Standout College Application Alison Cooper Chisolm, Anna Ivey, 2013-08-06 Demystifying the process of completing a college application. Written by two former admissions officers at top universities and current admissions coaches, this book is a must-have for preparing a winning college application. The authors reveal the mystery behind what college admissions officers are looking for and show applicants how to leverage their credentials, stand out in the over-crowded applicants pool, and make a genuine, memorable impression. This is the book that will help the college-bound get off the like-many-others pile and onto the acceptance list. Includes instructions and examples for every component of the college application, from writing the essay to answering questions like "Why do you want to go to College X?" Shows how to avoid underestimating the importance of critical features on any application. Includes the latest information on the Common Application 4.0 and corrects outdated holdover advice still stressed in many other books. This book is filled with step-by-step advice that students and parents can use immediately and will refer to again and again.
