Communication In Accounting Education:

Communication in Accounting Education Richard M.S. Wilson,F. Elizabeth Gray,Lynn Hamilton,2016-04-14 Accounting often described as the language of business requires a diverse set of written listening and oral communication skills if those who practise it are to be effective Given the pace of change relating to for example the evolution of international accounting standards and the demands for greater transparency accountants must be clear responsive and audience focussed communicators Employers of accountants consistently comment on the need for their new graduate recruits and trainees to have strong written oral and interpersonal communication skills In this light accounting educators face the challenge of designing and delivering programmes that reflect professional expectations on the part of employers and clients and educating students on how to make informed communication choices in order to achieve desired results and to build good working relationships The chapters in this book deal with such topics as accounting students perceptions of oral communication skills competence based writing skills and the development of listening skills This book was originally published as Accounting Education an international journal Advances in Accounting Education Dorothy Feldmann,Timothy J. Rupert,2013-07-25 Topics included in Volume 14 are ways to increase student interest in the accounting major challenges and implications associated with integrating transfer students into accounting programs techniques for improving performance in intermediate accounting classes exercises for incorporating divergent and evolving standards in the audit class **Advances in Accounting Education** Dorothy Feldmann,Timothy J. Rupert,2014-06-04 Advances in Accounting Education Teaching and Curriculum Innovations investigates how teaching methods or curricula programs in accounting can be improved Volume 15 includes papers examining communication apprehension self directed learning in managerial accounting courses and a section on integrating accounting with other business disciplines **Journal of Accounting Education** ,2004 *The Routledge Companion to Accounting Communication* Lisa Jack,Jane Davison,Russell Craig,2013-05-02 One of the prime purposes of accounting is to communicate and yet to date this fundamental aspect of the discipline has received relatively little attention The Routledge Companion to Accounting Communication represents the first collection of contributions to focus on the power of communication in accounting The chapters have a shared aim of addressing the misconception that accounting is a purely technical number based discipline by highlighting the use of narrative visual and technological methods to communicate accounting information The contents comprise a mixture of reflective overview stinging critique technological exposition clinical analysis and practical advice on topical areas of interest such as The miscommunication that preceded the global financial crisis The failure of sustainability reporting The development of XBRL How to cut clutter With an international coterie of contributors including a communication theorist a Big Four practitioner and accounting academics this volume provides an eclectic array of expert analysis and reflection The contributors reveal how accounting communications represent or misrepresent the financial affairs of entities thus

presenting a state of the art assessment on each of the main facets of this important topic As such this book will be of interest to a wide range of readers including postgraduate students in management and accounting established researchers in the fields of both accounting and communications and accounting practitioners *Journal of Accounting Education* James Madison University,1987 Advances in Accounting Education Thomas G. Calderon,2020-10-05 AAE publishes empirical and non empirical research in Accounting Education Volume 24 addresses five key themes 1 research on student attitudes and behaviour 2 cases and pedagogical approaches in tax 3 financial reporting and introductory accounting 4 research about the CPA exam and 5 international perspectives An Application of Selected Communication Theory Concepts to Accounting Education John Harvey Salter,1978 **The Interface of Accounting Education and Professional Training** Elaine Evans,Roger Juchau,Richard M.S. Wilson,2014-07-16 Over many decades the global development of professional accounting education programmes has been undertaken by higher education institutions professional accounting bodies and employers These institutions have sometimes co operated and sometimes been in conflict over the education and or training of future accounting professionals These ongoing problems of linkage and closure between academic accounting education and professional training have new currency because of pressures from students and employers to move accounting preparation onto a more efficient economic and practical basis The Interface of Accounting Education and Professional Training explores current elements of the interface between the academic education and professional training of accountants in Australia New Zealand South Africa and the UK It argues for a reassessment of the considerations and requirements for developing professional accounting programs which can make a student capable of being an accountant the academy ready to be an accountant the workplace and professional in being an accountant the professional bodies This book was originally published as a special issue of Accounting Education An International Journal Developing Communications Skills for the Accounting Profession Robert W. Ingram,Charles R. Frazier,Charles Frazier,1980 **Personal Transferable Skills in Accounting Education RPD** Kim Watty,Beverley Jackling,Richard M.S. Wilson,2014-07-16 The development of generic skills often referred to as soft skills in accounting education has been a focus of discussion and debate for several decades During this time employers and professional bodies have urged accounting educators to consider and develop curricula which provide for the development and assessment of these skills In addition there has been criticism of the quality of accounting graduates and their ability to operate effectively in a global economy Embedding generic skills in the accounting curriculum has been acknowledged as an appropriate means of addressing the need to provide knowledge professionals to meet the needs of a global business environment Personal Transferable Skills in Accounting Education illustrates how generic skills are being embedded and evaluated in the accounting curriculum by academics from a range of perspectives Each chapter provides an account of how the challenge of incorporating generic skills in the accounting curriculum within particular educational environments has been addressed The challenges involved in generic skills development in higher

education have not been limited to the accounting discipline This book provides examples which potentially inform a wide range of discipline areas Academics will benefit from reading the experiences of incorporating generic skills in the accounting curriculum from across the globe This book was originally published as a themed issue of Accounting Education an international journal Communications Skills in Accounting Education Omer Zaid, Anne Abraham, 1993 **The International Journal of Accounting Education and Research**, 1987 **An Application of Selected Communication Theory Concepts to Accounting Education** John Harvey Salter, 1975 Abstract Business Communication: a Handbook for Accounting Students and Graduates (Custom Edition) DWYER., 2017-02-20 This custom title is published for Curtin University **Communication that Counts** Pia Patricia P. Tenedero, 2022-11-29 To date communication research in accounting has largely focused on the competencies that define what constitutes effective communication Highly perception based skills focused and Global North centric existing research tends to echo the skills deficit discourse which overemphasizes the role of the higher education system in developing students work relevant communication skills This book investigates dominant views about communication and interrogates what shapes these views in the accounting field from a Global South perspective exploring the idea of good communication in the globalized accounting field Taking the occupational stereotype of shy employees who are good with numbers but bad with words as its starting point this book examines language and communication practices and ideologies in accounting education and work in the Philippines As an emerging global leader in offshore accounting the Philippines is an ideal context for an exploration of multilingual multimodal and transnational workplace communication *Communication Skills Handbook for Accounting* Wendy Fleet, Jane Summers, Brett Smith, 2006-02-24 The Communication Skills Handbook for Accounting 2nd edition has been designed to develop the written and oral communication skills of university accounting students The authors introduce successful approaches to researching writing and referencing and review the main problems accounting students are likely to encounter when preparing and presenting reports essays and other work for assessment The handbook which reflects the recommendations of the sixth edition of the Style Manual covers specialist requirements for accounting assignments including Referencing accounting standards and pronouncements Writing and presenting guidelines for accounting topics Tailoring writing to an accounting audience The objectives of this handbook are To provide students with guidelines that are consistent across their university studies and to outline the minimum requirements for formal presentation of written and verbal assignments To assist university staff to apply a consistent approach to the assessment of formally presented written and verbal material by students irrespective of university department course or level of study To reinforce among students the view that communication skills are an integral component of their studies and essential to their careers rather than optional skills isolated from their chosen disciplines *Accounting Education for the 21st Century* Jane O. Burns, Belverd E. Needles, 1994-06-29 Accounting practice whether in business or government is more dynamic more complex and addresses a

wider array of issues than it did as little as five years ago Significant and rapid social political technological and economic changes are taking place in the world economy and it is increasingly recognised that accountants in all countries play a key role in the process of economic development Accounting education is undergoing a thorough review on a worldwide basis and major developments are taking place to produce quality accounting education that can keep pace with dramatic world change This book provides an up to date view of the state of accounting education throughout the world and focusses on the global challenges facing accounting education as we approach the millenium *The Ernst & Young LLP Communication and Leadership Project in Accounting Education* Kevin M.
