Insiders' Guide to Greater Richmond, VA Paula Neeley, David Clinger, 1992-05 When the Drama Club is Not Enough Jeff Perrotti, Kim Westheimer, 2002-08-16 When the Drama Club Is Not Enough presents the work of two young activists who have been at the forefront of the successful Safe Schools Program for Gay and Lesbian Students in Massachusetts a model for states and school districts nationwide They give concrete hard won and often inspiring lessons on integrating gay and lesbian issues to create powerful change for school communities The book discusses the previously undiscussable gay and lesbian identity and self esteem at the middle and elementary school level and gay and lesbian issues in school sports It tells the story of a high school junior who at the end of one of Jeff Perrotti s workshops on school sports raised his hand and said he was a football captain and wanted to come out and needed help and uses this dramatic narrative of personal courage to show step by step how gay and lesbian issues can be a catalyst for transformation of schools The authors speak directly to those who want to change school climate parents teachers administrators and students concerned about harassment and safety They offer seasoned and often humorous advice on dealing with controversy even if it occurs in the context of a school presentation on sexual orientation attended by angry and disruptive parents When the Drama Club Is Not Enough includes chapters on Getting Started and Race and Gender and sections on school policies and students legal rights in order to ensure safe schools

Legacies of Great Men in World Soccer Kausik Bandyopadhyay, 2017-10-02 Soccer the world s most popular mass spectator sport gives birth to great achievers on the field of play all the time While some of them become heroes and stars during their playing career transforming themselves into national as well as global icons very few come to be remembered as all time greats They leave an enduring legacy and thereby claim to be legends by their own rights While the rise and achievements of these soccer greats have drawn considerable attention from scholars across the world their legacies across time and space have mostly been overlooked This volume intends to reconstruct the significance of the legacies of such great men of world soccer particularly in a globalized world It will attempt to show that these luminous

personalities not only represent their national identity at the global stage but also highlight the proven role of the players or coaches in projecting a global image cutting across affiliations of nation region class community religion gender and so on In other words the true heroes icons and legends of the world s most popular sport have always floated at a transnational global space transcending the limits of space identity or culture of a nation This book was published as a special issue of Soccer and Society International Student Support and Engagement in Higher Education Mutiara Mohamad, Janet Boyd, 2022-12-30
