*Community Services Block Grants* Congressional Research Service, 2015-01-05 Community Services Block Grants CSBG provide federal funds to states territories and tribes for distribution to local agencies to support a wide range of community based activities to reduce poverty Smaller related programs Community Economic Development CED Rural Community Facilities RCF and Individual Development Accounts IDAs also support anti poverty efforts CSBG and some of these related activities trace their roots to the War on Poverty launched more than 50 years ago in 1964 Today they are administered at the federal level by the Department of Health and Human Services HHS CSBG and related activities are funded through the end of FY2015 under an omnibus appropriations law P L 113 235 enacted just prior to the end of the 113th Congress The measure provides 729 million for CSBG and related activities almost identical to FY2014 levels P L 113 76 and nearly twice the amount requested by the Obama Administration Final FY2014 funding was an increase from the post sequestration level of 687 million provided in FY2013 under P L 113 6 Final FY2015 funding levels by program are 674 million for the block grant 30 million for CED 6 5 million for RCF and 19 million for IDAs In his FY2015 budget submitted to Congress in March 2014 President Obama requested 350 million for the block grant 19 million for IDAs and zero for the other related activities The Administration made the same request for the block grant in each of the last three years and Congress rejected the proposal each time Although the Administration requested no funding for the CED program it proposed to continue funding the Healthy Food Financing Initiative which has been partially financed with CED funds through a Treasury Department program The White House previously proposed eliminating CED and RCF but Congress has continued to provide funding for both activities In previous budgets the Administration has signaled its intent to move CSBG toward a competitive program in which states would direct funds toward local agencies that meet certain standards rather than via the current mandatory pass through to all local eligible entities In its FY2015 budget request the Administration also proposed to allow states to reserve up to 10% of their allotments for eligible entities that demonstrate innovation and best practices The Community Services Block Grant Act was last reauthorized in 1998 by P L 105 285 The authorization of appropriations for CSBG and most related programs expired in FY2003 although Congress has continued funding through annual appropriations Legislation was introduced during the 113th Congress with bipartisan co sponsorship to amend and reauthorize the act through FY2023 H R 3854 Among other things the proposal would have required performance measures at the federal state and local level would have required each state to use part of its block grant for a Community Action Innovations Program and would have allowed two or more local agencies to merge subject to state approval and potentially be eligible for Merger Incentive Funds The National Association for State Community Services Programs conducts an annual survey of states on the activities and expenditures of the nationwide network of more than 1 000 CSBG grantees According to the most recent survey the network served almost 16 million people in nearly 7 million low income families in FY2013 States reported that

the network spent 13.3 billion of federal state local and private resources including almost 600 million in federal CSBG funds and almost 9 billion from other federal programs

**Medicaid** Sophia R. Ketler, 2008 Medicaid is a state administered program and each state sets its own guidelines regarding eligibility and services Many groups of people are covered by Medicaid Even within these groups though certain requirements must be met These may include age pregnancy disability or blindness income and resources like bank accounts real property or other items that can be sold for cash and status as either a citizen or a lawfully admitted immigrant The rules for counting income and resources vary from state to state and from group to group There are special rules for those who live in nursing homes and for disabled children living at home This book discusses these factors *Departments Of Labor, Health And Human Services, Education, And Related..., Hearings... **Budgeting for Local Governments and Communities** Douglas Morgan, Kent S. Robinson, Dennis Strachota, James A. Hough, 2017-09-19 Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester long course in public budgeting and finance in an MPA programme Many currently available texts for this course suffer from a combination of defects that include a focus on federal and state budgeting a lack of a theoretical governance framework an omission of important topics and typically a lack of exercises and datasets for student use Budgeting for Local Governments and Communities solves all of these problems The book is exceptionally comprehensive and well written and represents the efforts of veteran authors with both teaching and real world experience

**Key Features** Special Focus on Local Government Budgeting focuses exclusively on budgeting at the local levels of American government which are responsible for spending 40 percent of the taxes collected from citizens

**Integration of Theory and Practice** teaching cases and chapters capture the lessons learned by professional practitioners who have extensive experience in making local public budgeting work on the ground

**Polity Approach to Local Budgeting** presents an introduction to local budgeting as the central political activity that integrates the resources of the community into a unified whole Budgeting is presented as governance work rather than as a unique set of skills possessed by analysts and

financial specialists Legal Historical Economic and Moral Foundations of Local Government Budgeting provides readers with an understanding of how the structures and processes of local budgeting systems are firmly tethered to the underlying core values legal principles and historical development of the larger American federal state and local political systems Electronic Datasets and Budgeting Exercises the text includes access to extensive electronic datasets and practice exercises that provide abundant opportunities for students to learn through doing Extensive Glossary and Bibliography covers terms on the history and practice of local public budgeting Community Services Block Grants ,2004 **Congressional Research Report** ,1998 Community Services Block Grants (CSBG) ,2007 Community Services Block Grants CSBG administered by the Department of Health and Human Services HHS provide federal funds to states territories and tribes for distribution to local agencies to reduce poverty Small related programs Community Economic Development Rural Community Facilities Job Opportunities for Low Income Individuals JOLI and Individual Development Accounts IDAs also provide grants for anti poverty efforts CSBG and some of these related activities trace their history to the War on Poverty of the 1960s The Bush Administration has proposed for the last three years including in the most recent budget request for FY2008 to eliminate funding for CSBG arguing that the program does not award grants competitively or hold grantees accountable for program results The Administration also has proposed to end funding for related activities with the exception of IDAs on the rationale that these activities lack performance measures Nonetheless CSBG and related activities are currently funded at FY2006 levels through FY2007 under a government wide continuing resolution P L 110 5 H J Res 20 Recently the Government Accountability Office GAO faulted HHS for weak oversight of CSBG and recommended more focused monitoring of states and targeting of technical assistance funds GAO 06627 In response to the Administration s FY2007 request to zero out the CSBG the House Labor HHS Education Appropriations Subcommittee approved a one third reduction in funding for the block grant The full Appropriations Committee subsequently boosted this amount by 19 million approving 449 million for the CSBG compared to 630 million in FY2006 The House committee would have maintained Community Economic Development Rural Community Facilities and IDAs at FY2006 levels but as requested would have ended funding for JOLI H R 5647 109th Congress The Senate Appropriations Committee would have funded CSBG and related activities including JOLI at their full FY2006 levels S 3708 109th Congress No final action occurred in the 109th Congress on FY2007 appropriations hence the need for a full year continuing resolution In its FY2006 budget the Administration also had proposed to eliminate CSBG but wanted to consolidate its purposes and some funding in a Strengthening America s Communities Initiative SACI at the Commerce Department Congress rejected this proposal and in both its FY2007 and FY2008 budgets the Administration has proposed to eliminate CSBG and related activities altogether Although Congress has continued to provide funding authorization for CSBG and related activities expired with FY2003 The House and Senate each passed reauthorizations in the 108th Congress similar legislation was introduced in the 109th H R 341 but saw no action The bills were intended to improve

program quality and accountability establish new activities and improve monitoring and fiscal controls This report will be updated to track legislative and appropriations activity      **Community Services Block Grant (CsbG) Karen**

000 CSBG grantees According to the most recent survey the network served more than 20 million people in more than 8 million low income families in FY2010 States reported that the network spent 16.2 billion of federal state local and private resources of which 653 million were regular federal CSBG funds and 811 million came from a one time appropriation to CSBG under the American Recovery and Reinvestment Act ARRA In FY2010 the network spent almost 9.1 billion from other federal programs plus 2.1 billion provided to other federal programs by ARRA The Community Services Block Grant Act was last reauthorized in 1998 by P L 105 285 The authorization of appropriations for CSBG and most related programs expired in FY2003 although Congress has continued to fund these programs through the annual appropriations process No legislation to reauthorize CSBG has been introduced since the 109th Congress Government Reports Announcements & Index ,1986
