James Alfred Moss

Battle Command Manual:

The Operations Process: The Official U.S. Army Field Manual FM 5-0 U. S. Department of the Army, 2010-03 The six chapters and its associated ten appendixes of this edition of field manual FM 5-0 The Operations Process constitute the Army's view on planning preparing executing and assessing operations Together with FM 6-0 Mission Command Command and Control of Army Forces this manual provides the Army with a common philosophy and language for the exercise of command and control throughout the conduct of operations This version of FM 5-0 increases the scope of the manual over previous versions from strictly a manual on planning and orders production to a manual that addresses all activities of the operations process It describes how commanders with support from their staffs drive the operations process through battle command the art and science of understanding visualizing describing directing leading and assessing operations to accomplish missions This change intends to better describe the dynamic relationship among the commander staff subordinate commanders and their staffs and other military and civilian partners throughout the operations process not just planning In addition FM 5-0 incorporates design within the operations process Design is an approach to critical and creative thinking that assists commanders in understanding visualizing and describing complex problems and developing approaches to manage or solve them
