Building Words with Vowel Patterns Joan Westley,2024-12-31 Students will develop mastery of vowel sound correspondence as they build hundreds of words with common vowel sounds and regular patterns With this resource students learn about vowel sounds and vowel patterns as they build words with letter tiles There are two types of word building activities one in which students make words by adding consonants before and after a vowel and one in which students make words by inserting vowels between two consonants Through the activities students practice letter sound correspondences as they blend sounds together to make words With the frame r_d for example they will see that simply changing the vowel will let them create red rid rod ride rode rude raid read and road These engaging hands on lessons are guaranteed to give your students first hand experience with the power of vowels and they will begin to appreciate the tricky nature of vowels in our language *Making Sense of Phonics* Isabel L.
