Descartes Dissimulation Et Ironie:

Descartes : Dissimulation et ironie Fernand Hallyn, 2006 Il y a peu de gens qui osent dire ce qu'ils croient lit-on dans le Discours de la méthode René Descartes fait sienne la constatation lorsqu'il vogue toujours dans le Discours certaines de ses reticences pour des personnes qui je dirais et dont l'autorité ne peut guère moins sur mes actions que ma propre raison sur mes pensées Autrement dit je suis le maître de ma pensée ma raison est la seule autorité qui la gouverne mais l'action en l'occurrence le langage qui communique ma pensée ne jouit pas de la même liberté A des idées videntes claires et distinctes ne correspond donc pas nécessairement un discours transparent Inversement un discours n'est jamais ce point transparent qu'il ne puisse comporter dans les plis et les replis du texte une autre configuration de la vérité moins claire et vidente qu'il n'y paraît non acceptée et non souhaitée celle précisément qu'on désire primer Tel est le point de départ de l'essai que Fernand Hallyn consacre ce que Descartes dissimule aux autres et parfois lui-même

Descartes's Fictions Emma Gilby, 2019-03-15

Descartes's Fictions traces common movements in early modern philosophy and literary method Emma Gilby reassesses the significance of Descartes's writing by bringing his philosophical output into contact with the literary treatises exempla and debates of his age She argues that humanist theorizing about poetics represents a vital intellectual context for Descartes's work She offers readings of the controversies to which this poetic theory gives rise with particular reference to the genre of tragicomedy questions of verisimilitude or plausibility and the figures of Guez de Balzac and Pierre Corneille Drawing on what Descartes says about and to his many contemporaries and correspondents embedded in the early modern republic of letters this volume shows that poetics provides a repository of themes and images to which he returns repeatedly fortune method error providence passion and imagination for instance Like the poets and theorists of his age Descartes is also drawn to the forms of attention that people may bring to his work This interest finds expression in the mature Cartesian metaphysics of the Meditations as well as later in the moral philosophy of his correspondence with Elisabeth of Bohemia or the Passions of the Soul This volume thus bridges the gap between Cartesian criticism and late humanist literary culture in France
