**First Philosophy** Rene Descartes, 2021-11-13 Meditations on First Philosophy Rene Descartes Descartes s Meditations on First Philosophy the fundamental and originating work of the modern era in Western philosophy is presented here in Donald Cress s completely revised edition of his well established translation bringing this version even closer to Descartes s original while maintaining its clear and accessible style *Taking Back Philosophy* Bryan W. Van Norden, 2017-12-05 Are American colleges and universities failing their students by refusing to teach the philosophical traditions of China India Africa and other non Western cultures This biting and provocative critique of American higher education says yes Even though we live in an increasingly multicultural world most philosophy departments stubbornly insist that only Western philosophy is real philosophy and denigrate everything outside the European canon In *Taking Back Philosophy* Bryan W Van Norden lambastes academic philosophy for its Eurocentrism insularity and complicity with nationalism and issues a ringing call to make our educational institutions live up to their cosmopolitan ideals In a cheeky agenda setting and controversial style Van Norden an expert in Chinese philosophy proposes an inclusive multicultural approach to philosophical inquiry He showcases several accessible examples of how Western and Asian thinkers can be brought into productive dialogue demonstrating that philosophy only becomes deeper as it becomes increasingly diverse and pluralistic *Taking Back Philosophy* is at once a manifesto for multicultural education an accessible introduction to Confucian and Buddhist philosophy a critique of the ethnocentrism and anti intellectualism characteristic of much contemporary American politics a defense of the value of philosophy and a liberal arts education and a call to return to the search for the good life that defined philosophy for Confucius Socrates and the Buddha Building on a popular New York Times opinion piece that suggested any philosophy

department that fails to teach non Western philosophy should be renamed a Department of European and American Philosophy this book will challenge any student or scholar of philosophy to reconsider what constitutes the love of wisdom

**Cartesian Nightmare** Peter A. Redpath,1997 This book challenges the presupposition among professional philosophers that Ren Descartes is the Father of Modern Philosophy It demonstrates by intensive textual analysis of Descartes s Discourse and Meditations that he inaugurated a new type of sophistry rather than a new way of conducting philosophy Transcendental Sophistry is a synthesis of Renaissance humanism and Christian theology especially the theology of creation This striking re evaluation of the achievement of Descartes opens the history of Western philosophy to radical reinterpretation **Passions**

Litowitz, 1997 The author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably Friedrich Nietzsche Michel Foucault Jacques Derrida Francois Lyotard and Richard Rorty He concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system Annotation copyrighted by Book News Inc Portland OR      *Beyond Sovereignty and Anarchy* Jonathan James Edward Havercroft, 2006
