Freedom and Imputability in Kant and His Early Successors Jörg Noller,2024-09-09 This book reconstructs the intense early post Kantian debate on freedom of the will choice and moral imputability for the first time It addresses the following questions How is freedom of choice possible given the causal predetermination of the world How can we escape skepticism about freedom of the will What are the characteristics of moral freedom Are we free to act immorally and if so how exactly And finally How can we conceive of our individual freedom as being compatible with nature and society **Understanding**

Branding in Higher Education Anthony Lowrie,2017-10-25 This book provides a critical theory of branding in higher education The author argues for a higher education for all and positions higher education as a human right necessary for the well being of citizens and democracy Firstly the book introduces the concept of desire as an underpinning for brand theory The author then uses an explication of the concept of relevance linked with desire to further our understanding of higher education as an emancipatory project Chapter 4 explores brand identity which is shown to be a retroactive investment of naming Mathemes are used to illustrate the theory of naming in identity formation Finally the author also examines the idea of the liberal arts and provides an ethnographic and critical discourse analysis of the liberal arts college **Language**

Learning, Gender and Desire Kimie Takahashi,2013-01-22 For many Japanese women the English language has never been just another school subject For them English is the tool of identity transformation and the means of obtaining what they passionately desire mobility the West and its masculinity Language Learning Gender and Desire explores Japanese women s passion for learning English and how they negotiate identity and desire in the terrain of racial sexual and linguistic politics Drawing on ethnographic data and popular media texts the book offers new insights into the multidirectionality of desire and power in the context of second language learning *Management Philosophy* Ole F. Kirkeby,2000-03-15 This book opens a

new field within business science management philosophy It presents an uncompromising picture of the real leader through a set of leadership virtues focusing on human duties not on human rights The book demonstrates that only through philosophy it is possible to establish a genuine science of management overcoming the pressures of functionalism opportunism and pragmatism inherent in the hyper modern corporation shaped by high tech and information advantages
