Destination From Guide Visitbritain:

Marketing and Managing Tourism Destinations Alastair M. Morrison, 2023-07-31 *Marketing and Managing Tourism Destinations* is a comprehensive and integrated introductory textbook covering destination management and marketing in one volume. It focuses on how destination management is planned, implemented and evaluated as well as the management and operations of destination management organizations (DMOs) how they conduct business, major opportunities and challenges and issues they face to compete for the global leisure and business travel markets. Much has changed since the publication of the second edition of this book in 2018. The COVID 19 pandemic was unpredictable at the time and has caused havoc for destinations and DMOs. The third edition includes many materials about the COVID 19 impacts and recovery from the pandemic. This third edition has been updated to include four new chapters: Chapter 2 Destination Sustainability and Social Responsibility; Chapter 3 Quality of Life and Well Being of Destination Residents; Chapter 11 Destination Crisis Management; and Chapter 20 Destination Management Performance Measurement and Management, new and updated international case examples to show the practical realities and approaches to managing different destinations around the world, coverage of contemporary topics including for example COVID 19, social responsibility, metaverse, mixed reality, virtual meetings, teleworking, digital nomads, viral marketing, blended travel, regenerative tourism, meaningful travel and several others, a significantly improved illustration program, keyword lists. It is illustrated in full color and packed with features to encourage reflection on main themes, spur critical thinking and show theory in practice. Written by an author with many years of industry practice, university teaching and professional training experience, this book is the essential guide to the subject for tourism, hospitality and events students and industry practitioners alike.

Tourism in Northern Ireland and its economic impact and benefits Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee, 2007-03-15. The Committee's report examines the nature of tourism in Northern Ireland, its impact on and importance for the overall economy and the effectiveness of measures taken by Government and other relevant agencies to develop, promote and support the marketing of Northern Ireland as a tourist destination. The Committee's recommendations are addressed to the Northern Ireland Office which took back responsibility for tourism in Northern Ireland when the power sharing executive was suspended in October 2002, but if a power sharing executive is re-established then responsibility for tourism will revert to the restored Executive and accordingly responsibility for scrutiny of this policy area would revert to the Committees of a restored Assembly. The Committee's report makes 27 recommendations to help Northern Ireland maximise its tourist potential and concludes that if government recognises the enormous economic impact of tourism and if private enterprise in co-operation with statutory bodies can develop this recognition into a coherent strategy, there is no reason why the success of tourism in the Republic of Ireland should not be replicated in Northern Ireland to the advantage of the whole island of Ireland and with Northern Ireland itself enjoying an equivalent status to Scotland and Wales as a UK tourist destination.
