Practical Motorsport Engineering Andrew Livesey, 2018-12-07 This guide and textbook on motorsport engineering is written from a practical point of view. It offers a wide ranging insight into the nuts and bolts technology of practical car racing from saloons and sports cars to open wheelers. It gives the aspiring race engineer the tools to do the job by explaining all aspects of race car technology and offering crucial insight into the essentials of the motorsport engineering industry. For motorsport engineering students at all levels this book particularly covers the examination syllabuses for IMI the Institute of the Motor Industry EAL and BTEC and meets the CPD requirements of most engineering institutions. Each aspect of the race car is covered in a separate chapter with test questions and suggestions for further study at the end. Combining the key points from his previous publications Basic Motorsport Engineering and Advanced Motorsport Engineering the author draws on a career in teaching and industry to create the must have all in one reference. It is an ideal companion for the practising owner driver or race engineer whether amateur or professional a suitable introductory text for HND and degree students and a great point of reference for any other keen fans with an interest in motorsport.

Basic Motorsport Engineering Andrew Livesey, 2025-11-18 If you are just starting out on a career in motorsport whether this is your first vocational choice or a second career looking to be involved in something which is more exciting than being in an ordinary office or factory this book will get you started. Basic Motorsport Engineering is written by a practising lecturer and motorsport engineer who has trained race engineers who are working for the major motorsport teams including McLaren and Ferrari and their supply chains. Although there are hundreds of different types of jobs in motorsport this book will help you understand both the technology and the terminology so that you can progress your career quickly using IMI or EAL qualifications at Level 2. This book is followed by Advanced Motorsport Engineering also written by Andrew Livesey.
