Dialogue Peter Womack:

Dialogue Peter Womack, 2011-04-22 Dialogue is a many sided critical concept at once an ancient philosophical genre a formal component of fiction and drama a model for the relationship of writer and reader and a theoretical key to the nature of language In all its forms it questions literature disturbing the singleness and fixity of the written text with the fluid interactivity of conversation In this clear and concise guide to the multiple significance of the term Peter Womack outlines the history of dialogue form looking at Platonic Renaissance Enlightenment and Modern examples illustrates the play of dialogue in the many voices of the novel and considers how dialogue works on the stage interprets the influential dialogic theories of Mikhail Bakhtin examines the idea that literary study itself consists of a dialogue with the past presents a useful glossary and further reading section Practical and thought provoking this volume is the ideal starting point for the exploration of this diverse and fascinating literary form *Shakespeare, the Sea and the Stage* Peter Womack, 2025-02-28 The sea for Shakespeare is both a location and a metaphor and either way it affords him an extraordinary freedom of invention releasing whatever in the plays is vast fluid and unceasing It is also a defining element of his historical context he lived and worked a few yards from one of the great maritime rivers of the world and for much of his career England was engaged in a naval war with Spain So the Shakespearean sea invites two distinct perspectives poetics and history the conventional literary symbol and the contingent economic struggle This book embraces both of them together tracing the intricate connections between them and showing how they meet above all on the stage It was in the Elizabethan playhouse that commercial enterprise physical confinement and boundless rhetoric interacted to generate an imaginative energy whose waves can still be felt **Culture and History, 1350-1600** David Aers, 1992 Six essays explore the making of human identities and agency in English communities between the Great Plague and about 1600 They also focus attention on the processes of understanding past cultures and their texts Among the topics are court politics sacred and secular drama and women Paper edition 2416 9 15 95 Annotation copyrighted by Book News Inc Portland OR Hermeneutics and Criticism Richard Boulton, 24-10-18 Hermeneutics and criticism explores the status of ideals in contemporary society It demonstrates how ideals have become less meaningful over time and questions the role of critical theory in their decline To unpick the relationship between hermeneutics ideals and criticism the book reengages the traditional methods of dialectic and rhetoric It challenges the claims of recent critical theory such as the ontological turn and new materialism realism that reality can be speculated upon aside from ideals The author argues that speculation on reality without ideals becomes self fulfilling the more that conceptions of reality are detached from ideals the more disaffirming those understandings of reality become Critical reengagement with ideals is imperative to give consequence to the meaning of ethics morality and discussions of what society and humanity should resemble The hermeneutic method that the book employs revitalises ideals without regressing to idealism verses realism The book reconceptualises contrast as a means to reinstate the consequences of ideals

without distortion It s a vital read for those daring to challenge the status quo of critical theory whilst incorporating their relevance to the philosophy of communication

Red Britain Matthew Taunton,2019-04-04 Red Britain sets out a provocative rethinking of the cultural politics of mid century Britain by drawing attention to the extent diversity and longevity of the cultural effects of the Russian Revolution Drawing on new archival research and historical scholarship this book explores the conceptual discursive and formal reverberations of the Bolshevik Revolution in British literature and culture It provides new insight into canonical writers including Doris Lessing George Orwell Dorothy Richardson H G Wells and Raymond Williams as well bringing to attention a cast of less studied writers intellectuals journalists and visitors to the Soviet Union Red Britain shows that the cultural resonances of the Russian Revolution are more far reaching and various than has previously been acknowledged Each of the five chapters takes as its subject one particular problem or debate and investigates the ways in which it was politicised as a result of the Russian Revolution and the subsequent development of the Soviet state The chapters focus on the idea of the future numbers and arithmetic law and justice debates around agriculture and landowning and finally orality literacy and religion In all of these spheres Red Britain shows how the medievalist romantic oral pastoral anarchic and ethical emphases of English socialism clashed with and were sometimes overwritten by futurist utilitarian literate urban statist and economic ideas associated with the Bolshevik Revolution

Imagining Inheritance from Chaucer to Shakespeare Alex Davis,2020 In this work Alex Davis explores how inheritance was imagined between the lifetimes of Chaucer and Shakespeare

Literature and the Rise of the Interview Rebecca Roach,2018-11-15 Today interviews proliferate everywhere in newspapers on television and in anthologies as a method they are a major tool of medicine the law the social sciences oral history projects and journalism and in the book trade interviews with authors are a major promotional device We live in an interview society How did this happen What is it about the interview form that we find so appealing and horrifying Are we all just gossips or is there something more to it What are the implications of our reliance on this bizarre dynamic for publicity subjectivity and democracy Literature and the Rise of the Interview addresses these questions from the perspective of literary culture The book traces the ways in which the interview form has been conceived and deployed by writers and interviewing has been understood as a literary critical practice It excavates what we might call a poetics of the interview form and practice In so doing it covers 150 years and four continents It includes a diverse rostrum of well known writers such as Henry James T S Eliot Ezra Pound Djuna Barnes William Burroughs Philip Roth J M Coetzee and Toni Morrison while reintroducing some individuals that history has forgotten such as Betty Ross Queen of Interviewers and Julian Hawthorne Nathaniel s profligate son Together these stories expose the interview s position in the literary imagination and consider what this might tell us about conceptions of literature authorship and reading communities in modernity

Quid est sacramentum? Walter Melion,Elizabeth Carson Pastan,Lee Palmer Wandel,2019-10-07 Quid est sacramentum Visual Representation of Sacred Mysteries in Early Modern Europe 1400 1700

investigates how sacred mysteries in Latin sacramenta or mysteria were visualized in a wide range of media including illustrated religious literature such as catechisms prayerbooks meditative treatises and emblem books produced in Italy France and the Low Countries between ca 1500 and 1700 The contributors ask why the mysteries of faith and in particular sacramental mysteries were construed as amenable to processes of representation and figuration and why the resultant images were thought capable of engaging mortal eyes minds and hearts Mysteries by their very nature appeal to the spirit rather than to sense or reason since they operate beyond the limitations of the human faculties and yet the visual and literary arts served as vehicles for the dissemination of these mysteries and for prompting reflection upon them Contributors David Areford AnnMarie Micikas Bridges Mette Birkedal Bruun James Clifton Anna Dlabaková Wim François Robert Kendrick Aiden Kumler Noria Litaker Walter S Melion Lars Cyril Nørgaard Elizabeth Pastan Donna Sadler Alexa Sand Tanya Tiffany Lee Palmer Wandel Geert Warner Bronwen Wilson and Elliott Wise Australasian Drama Studies, 1993 Cahiers Élisabéthains, 2008 tudes sur la pr renaissance et la renaissance anglaises *Reading Adaptations* Philip Cox, 2000 Ex digital print 2012 The N-Town Play Penny Granger, 2009 First full examination of the N Town Play arguing for its reappraisal as a work of private devotion as well as public performance *Nineteenth-century Literature*, 1986 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James

The Rough Guide to Shakespeare Andrew Dickson, 2005 Featuring full coverage of all 38 plays this guide to the works of William Shakespeare includes a synopsis character list stage history and full critical essay for each play It also includes a brief summary of Shakespeare's life as well as an account of how each play was originally performed **The Henry James Review**, 2017 *The Ben Jonson Journal*, 2004 *English Literature and the University Curriculum* Wolfgang Zach, 1992 Which role is played by English literature in the modern world and specifically in university teaching This question is explored in two international surveys and twenty six contributions by scholars from all parts of the world Basic information is provided on the current position of English literature's in the international university curriculum as well as on the main problems and new developments in university organization teaching and studying Special emphasis is put on discussing the future of English literature and literary studies particularly the consequences resulting from the powerful social role of the audiovisual media and the development of English literature into Literature's in English Henry IV, Parts One and Two Nigel Wood, 1995 Staging Gender in Behn and Centlivre Nancy Eileen Copeland, 2004 Staging Gender in Behn and Centlivre studies the representation of gender in four of the most important plays by the leading professional women playwrights of the late Stuart period Behn's *The Rover* 1677 and *The Luckey Chance* 1686 and Centlivre's *The Busie Body* 1709 and *The Wonder A Woman Keeps a Secret* 1714 are first placed in their original theatrical and cultural contexts and then studied through subsequent productions and adaptations extending from the eighteenth century to the twentieth The

detailed analysis of these plays is framed by a discussion of the cultural position of the playwrights and the kind of comedy they wrote. The survival of these plays in the repertoire offers an unusual opportunity to examine the theatrical double life of works by early women playwrights. The lengthy production histories of these comedies placed them in dialogue with radically different ideas of appropriate and permissible behavior for both women and men. The resulting productions' alterations and adaptations included both feminist reinterpretations and recuperations of the plays' challenges to dominant meanings of gender. This book will be of interest to scholars and students of dramatic literature, theatre, and women's studies.

Public Issues, Private Tensions Matthew Charles Roudané, 1993. *Public Issues, Private Tensions* suggests the intellectual scope and esthetic parameters of this book: a critical exploration of the public issues and private tensions that seem central to American drama and theater since 1945. The critical point of departure for these seventeen essayists is the delicate moral balance between the civic function of the theater and its relationship to the spirit of the individual. Playwrights observed include Tennessee Williams, Arthur Miller, Edward Albee, Lillian Hellman, Sam Shepard, David Mamet, David Rabe, Lanford Wilson, Wallace Shawn, Megan Terry, Denise Hamilton, Maria Irene Fornes, Arthur Kopit, Emily Mann, Israel Horovitz, Charles Fuller, and others. Some of the contributors address questions of performance theory, audience reception, semiotics, and theater and feminist ideology.
