

Write a descriptive paragraph about a painting.

When I went to the fine arts museum in the city, there are many beautiful paintings here but I was most impressed with Van Gogh's Starry Night Over.

The painting was painted in 1889 when he was in psychiatric treatment, when looking at the painting I felt a dark night sky, the yellow swirls seemed to be moving gently which were the stars, the yellow stars contrasting with the blue and gray night. In addition, in the top right corner there is a crescent moon that radiates an orange glow and is brighter than yellow stars. There is a huge cluster of black trees that partially obscure the view of the sky and the village, the houses in this village are very small in the lower right corner of the picture, the architecture of the old village is closed, simple and there is no light to shine on it seems that everyone in the village is fast asleep.

This is an oil art painting that many people love, creating fame in the art world, but unfortunately when Van Gogh committed suicide, the work became expensive.
