neudit.

with a Foreword by Peter Sellars

# Desdemona Oberon Modern Plays

**K Payea**

## **Desdemona Oberon Modern Plays:**

*Desdemona* Toni Morrison, 2012-07-18 The story of Desdemona from Shakespeare's *Othello* is reimagined by Nobel Prize laureate Toni Morrison. Malian singer and songwriter Rokia Traor and acclaimed stage director Peter Sellars' Morrison's response to *Othello* is an intimate dialogue of words and music between Desdemona and her African nurse Barbary. Morrison gives voice and depth to the female characters, letting them speak and sing in the fullness of their hearts. *Desdemona* is an extraordinary narrative of words, music, and song about Shakespeare's doomed heroine who speaks from the grave about the traumas of race, class, gender, war, and the transformative power of love. Toni Morrison transports one of the most iconic central and disturbing treatments of race in Western culture into the new realities and potential outcomes facing a rising generation of the 21st century.

**Canon Fanfiction** Christine Schott, 2023-01-30 Several scholarly fields investigate the reuse of source texts, most relevantly adaptation studies and fanfiction studies. The limitation of these two fields is that adaptation studies focuses narrowly on retelling, usually in the form of film adaptations, but is not as well equipped to treat other uses of source material like prequels, sequels, and spinoffs. On the other hand, fanfiction studies has the broad reach adaptation studies lacks but is generally interested in underground production rather than material that goes through the official publication process and thus enters the literary canon. This book sits in the gap between these fields, discussing published novels and their contribution to the scholarly engagement with their pre- and early modern source material, as well as applying that creative framework to the teaching of literature in the college classroom.

**Cognition and Girlhood in Shakespeare's World** Caroline Bicks, 2021-07-15 Cutting edge theories of cognition inform readings of Shakespearean girls to show the dynamism of adolescent female brainwork.

**Blood and Home in Early Modern Drama** Ariane M. Balizet, 2014-04-24

In this volume, the author argues that blood was crucially a means by which dramatists negotiated shifting contours of domesticity in 16th and 17th century England. Early modern English drama vividly addressed contemporary debates over an expanding idea of the domestic, which encompassed the domus as well as sex parenthood, household order, the relationship between home and state, and the connections between family honor and national identity. The author contends that the domestic ideology expressed by theatrical depictions of marriage and household order is one built on the simultaneous familiarity and violence inherent to blood. The theatrical relation between blood and home is far more intricate than the idealized language of the familial bloodline: the home was itself a bloody place with domestic bloodstains signifying a range of experiences including religious worship, sex, murder, birth, healing, and holy justice. Focusing on four bleeding figures—the Bleeding Bride, Bleeding Husband, Bleeding Child, and Bleeding Patient—the author argues that the household blood of the early modern stage not only expressed the violence and conflict occasioned by domestic ideology but also established the home as a site that alternately reified and challenged patriarchal authority.

**Constructing Monsters in Shakespeare's Drama and Early Modern Culture** Mark Thornton Burnett, 2002-10-28 *Constructing Monsters in Shakespearean Drama*

and Early Modern Culture argues for the crucial place of the monster in the early modern imagination Burnett traces the metaphorical significance of monstrous forms across a range of early modern exhibition spaces fairground displays cabinets of curiosity and court entertainments to contend that the monster finds its most intriguing manifestation in the investments and practices of contemporary theatre The study s new readings of Shakespeare Marlowe and Jonson make a powerful case for the drama s contribution to debates about the extraordinary body

*Women Talk Back to Shakespeare* Jo Eldridge Carney, 2021-10-27 This study explores more recent adaptations published in the last decade whereby women either authors or their characters talk back to Shakespeare in a variety of new ways Talking back to Shakespeare a term common in intertextual discourse is not a new phenomenon particularly in literature For centuries women writers novelists playwrights and poets have responded to Shakespeare with inventive and often transgressive retellings of his work Thus far feminist scholarship has examined creative responses to Shakespeare by women writers through the late twentieth century This book brings together the then of Shakespeare with the now of contemporary literature by examining how many of his plays have cultural currency in the present day Adoption and surrogate childrearing gender fluidity global pandemics imprisonment and criminal justice the intersection of misogyny and racism these are all pressing social and political concerns but they are also issues that are central to Shakespeare s plays and the early modern period By approaching material with a fresh interdisciplinary perspective *Women Talk Back to Shakespeare* is an excellent tool for both scholars and students concerned with adaptation women and gender and intertextuality of Shakespeare s plays

*The Illustrious Corpse* Tariq Ali, 2003 Newest play by noted writer filmmaker commentator Tariq Ali is a murder mystery set in the highest reaches of the British government Ali has written numerous plays novels and over a dozen books on world history He is currently writing *Bush in Babylon* *Recolonizing Iraq* to be published by Verso Books

*Representing the Plague in Early Modern England* Rebecca Totaro, Ernest B. Gilman, 2010-09-13 This collection offers readers a timely encounter with the historical experience of people adapting to a pandemic emergency and the corresponding narrative representation of that crisis as early modern writers transformed the plague into literature The essays examine the impact of the plague on health politics and religion as well as on the plays prose fiction and plague bills that stand as witnesses to the experience of a society devastated by contagious disease Readers will find physicians and moralists wrestling with the mysteries of the disease erotic escapades staged in plague time plays the poignant prose works of William Bullein and Thomas Dekker the bodies of monarchs who sought to protect themselves from plague the chameleon like nature of the plague as literal disease and as metaphor and future strains of plague literary and otherwise which we may face in the globally minded technology dependent and ecologically awakened twenty first century The bubonic plague compelled change in all aspects of lived experience in Early Modern England but at the same time it opened space for writers to explore new ideas and new literary forms not all of them somber or horrifying and some of them downright hilarious By representing the plague for their audiences these writers made an epidemic

calamity intelligible for them the dreaded disease could signify despair but also hope bewilderment but also a divine plan quarantine but also liberty death but also new life      **On Ten Plays of Shakespeare** Stopford Augustus Brooke,1916
